George.Hays@matsugov.us

June 21, 2022

Honorable Borough Mayor and Assembly:

Submitted herewith is the Fiscal Year 2023 (FY23) Assembly approved comprehensive annual budget for the Matanuska-Susitna Borough. This budget was formally adopted by the Assembly on May 24, 2022. The total budget is \$433,350,213, a 5.78% decrease as compared to the prior fiscal year amended budget.

The Borough moved past challenges presented by the COVID-19 pandemic these past couple of years and has fully resumed normal operations. Staffing challenges continue for seasonal and part-time workers and in individual positions, but generally the Borough is well staffed. The approved budget continues to resource Assembly priorities such as developing infrastructure particularly related to transportation, and recreational and tourism opportunities. Schools continue to be a priority with a 6.87% increase in the local education contribution from the previous year. The Assembly, through funding provided in the capital budget, has set the conditions for avoiding new debt service while advancing the recently voter-approved Transportation 21 infrastructure package and reducing mill rates to offset the dramatic increase in property values.

The FY23 budget reflects a 10.47% reduction in the areawide and a 9.26% reduction in the non-areawide mill rates to offset an average increase in taxable assessed value of 11.58%. The typical homeowner in the Matanuska-Susitna Borough will pay an average of \$2,977 in areawide and non-areawide property taxes, based on an average assessed value of \$320,307. When considering the entire budget, 59.66% funds education operations, 14.24% funds borough operations, and 26.10% funds debt service, capital projects, and operations of Fire Service Areas, Road Service Areas, enterprise funds, and other service areas.

The Assembly provided the following three focus areas, as outlined in the Borough's strategic plan: economic growth and diversification; deliver high quality services; and manage growth. To meet our FY23 objectives, we have paired Borough resources with grant and legislative revenue opportunities. Our top priorities include the following:

- Continue to grow a self-administering Local Improvement District (LID) program
- Pursue break-even on Port operations and explore regional port opportunities
- Plan for the 2024 Arctic Winter Games
- Evaluate improvements to the Borough e-Commerce platform
- Improve financial documentation and online presence

- Advance use of the problem reporter app
- Deliver Houston High School
- Pursue funding for Transportation 21 projects
- Pursue wildland fire risk reduction
- Continue to adjust services to meet service demands
- Plan for a new Metropolitan Planning Organization
- Develop opportunities for American Rescue Plan funding

This budget makes it possible for the Matanuska-Susitna Borough to continue to adapt to the growing needs of our community while remaining fiscally conservative. We would like to give credit to the Borough employees who participated in the preparation and development of this budget. The department heads and their staff worked hard to develop responsible department budgets. Many thanks also go to the employees of the Budget and Revenue Division for the long hours they have put in preparing this document. As always, we are available to assist you when and if needed.

Respectfully Submitted,

Michael Brown

TOTAL APPROPRIATION **\$433,350,213**

Section 4. Appropriation for accrued wages payable. There is hereby appropriated an additional sum of \$250,000 into an account within the areawide fund, \$20,000 into an account within the non-areawide fund and \$10,000 into an account within the Land Management Fund to cover the estimated amount accrued for wages and benefits as of June 30, 2023 and upon payment of accrued liability within the areawide, non-areawide and land management funds and to set up this liability to comply within generally accepted accounting principles. Said funds are to be expended only in the event that payouts will cause a shortfall in those amounts included in Section 3 for operational purposes.

Section 5. Appropriation for insurance. There is hereby appropriated \$1,000,000 into an account within the areawide fund and \$100,000 into an account within the non-areawide fund for insurance reserves to provide for self-insurance retention costs as well as unforeseen premium adjustments and losses in fiscal year 2023.

Section 6. Appropriation for major repairs and renovations.

There is hereby appropriated sum of \$1,000,000 into a reserve account within the areawide fund and \$250,000 into a reserve account within the non-areawide fund for major repairs and renovation projects. Said funds are to be expended only upon assembly approval of qualified projects.

Section 7. Appropriation for capital reserve. There is hereby

appropriated a sum of \$1,000,000 into a reserve account within the areawide fund and \$200,000 into a reserve account within the non-areawide fund to cover one-time capital expenditures or site acquisition costs. Said funds are to be expended only upon assembly approval of specific projects.

Section 8. Appropriation for reservation of fund balance.

There is hereby appropriated an additional sum of \$25,000,000 into a reserve account within the areawide fund which requires a minimum reserve amount of \$25,000,000 for the fiscal year 2023 budget.

Section 9. Appropriation for internal service fund for revolving loans for local improvement districts. There is hereby appropriated an additional sum of \$500,000 into an internal service fund for revolving loans for future use upon Assembly approval of qualified local improvement districts (LIDs).

Section 10. Appropriation for reimbursement to Central Mat-Su Fire Service Area. There is hereby appropriated an amount of

\$130,748 to reimburse Central Mat-Su Fire Service Area for a building purchase.

Section 11. Re-appropriation. There is hereby re-appropriated an amount of \$300,000 from the Jonesville Public Use Area Project (47031) to Fiscal Year 2023 Skeetawk Capital Grant

Section 12. Lapse of balances. All unexpended appropriation balances, with the exception of capital fund appropriations, shall lapse to the appropriate fund as of June 30, 2023. Capital fund appropriation, with the exception of road service area appropriations, shall revert back to the originating fund once the project has been completed or 36 months whichever is sooner. Capital appropriations for Road Service Areas revert back to the originating fund once the project is completed.

Section 13. Tax levies. The rates of tax levy on each dollar of assessed valuation of taxable property are hereby fixed at the following amounts in mills per each dollar of taxable property:

TAX FUND	
Areawide	8.901
Non-Areawide	0.392
Butte Fire Service Area #2	3.155
Sutton Fire Service Area #4	4.113
Talkeetna Flood Control #7	1.500
Midway Road Service Area #9	2.639

West Lakes Fire Service Area #136	2.063
Palmer, City of	3.000
Wasilla, City of	0.000
Houston, City of	3.000

Section 14. E-911 surcharge for July 1, 2022, to June 30, 2023. The Matanuska-Susitna Borough Assembly finds it in the best interest of the Borough and its cities to support and improve Enhanced 911 services in the Borough, and for the period of July 1, 2022 through June 30, 2023 shall set the E-911 surcharge rate at \$1.25 per wireline and per wireless telephone numbers that are billed or sold to a customer with an address within the Borough, and all funds collected shall be held in a separate fund subject to the appropriation of the Assembly.

Section 15. Deficit adjustment, service areas. If the revenue collected for any service area amounts to less than the amount appropriated for that service area, the deficit shall be made up

to the borough's general fund from the following year's revenue of that service area.

Section 16. Interest income, service areas. Interest income collected for any service area shall be allocated to that service area.

Section 17. Revenue deficiencies. In the event that total revenue from sources other than local support for any function is received in an amount less than the amount estimated in the budget document, the appropriation for such function is reduced a corresponding amount.

Section 18. Reserve for future governmental cost shift. In the event that the State of Alaska funds the School Construction Debt Reimbursement Program, in an amount that exceeds the amount budgeted herein, that additional amount is appropriated for the purpose and the corresponding amount of areawide funds and will be placed in a reserve for future governmental cost shift.

Section 19. Due dates of taxes, general government and service areas. The above taxes are due and payable August 15, 2022 for the first installment, and February 15, 2023 for the second installment, provided that all tax bills of \$50 or less shall be paid in one installment. Penalty and interest shall be applied on all unpaid first installment taxes on August 16, 2022. Penalty and

interest on second installment will be applied on February 16, 2023.

Section 20. Effective date. Ordinance Serial No. 22-022 shall take effect upon adoption by the Matanuska-Susitna Borough Assembly. ADOPTED by the Matanuska-Susitna Borough Assembly this 24 day of May, 2022.

**City of Wasilla
Ordinance Serial No. 22-22 (AM)**

An Ordinance Of The Wasilla City Council Providing For The Adoption Of The Annual Budget For Fiscal Year 2023 And Appropriating Funds To Carry Out Said Budget.

Section 1. Classification. This is a non-code ordinance.

Section 2. Purpose. In accordance with WMC 5.04.020, the Wasilla City Council hereby adopts the Annual Budget for the Fiscal Year 2023 as presented by the Mayor and introduced on April 11, 2022.

Section 3. Federal and state grant funds. Authority to increase or decrease appropriations in response to changes in estimated grant revenues is adopted as follows:

(a) If federal or state grant funds that are received during the fiscal year ending June 30, 2023, exceed the estimates appropriated by this ordinance the affected appropriation is increased by the amount of the increase in receipts.

(b) If federal or state grant funds that are received during the fiscal year ending June 30, 2023, exceed the estimates appropriated by this ordinance the appropriation from city funds for the affected program may be reduced by the excess if the reduction is consistent with applicable federal and state statutes.

(c) If federal or state grant funds that are received during the fiscal year ending June 30, 2023, fall short of the estimates appropriated by this ordinance the affected appropriation is reduced by the amount of the shortfall in receipts.

Section 4. Appropriation. There is hereby appropriated out of the revenues of the City of Wasilla, for the fiscal year beginning July 1, 2022, the sum of \$33,479,772, which includes \$4,034,733 of transfers between funds, to be raised by taxation and otherwise, which sum is deemed by Council to be necessary to defray all expenditures of the City during said budget year to be divided and appropriated in accordance with the attached budget proposal as follows:

**AN ORDINANCE OF THE HOUSTON CITY COUNCIL PROVIDING FOR THE
ADOPTION OF THE ANNUAL BUDGET INCLUDING THE CAPITAL BUDGET FOR
THE FISCAL YEAR 2023 AND APPROPRIATING FUNDS TO CARRY OUT SAID
BUDGET**

BE IT ORDAINED AND ENACTED BY THE CITY OF HOUSTON, ALASKA:

SECTION 1: CLASSIFICATION: This is a non-code ordinance.

SECTION 2: PURPOSE: In accordance with Houston Municipal Code 4.05.020, The Houston City Council hereby adopts the annual budget for the Fiscal Year 2023 as presented by the Mayor. In accordance with Houston Municipal Code 4.01.080 the Houston City Council adopts the annual capital budget based on the multi-year capital improvements program.

SECTION 3: FEDERAL, STATE AND LOCAL GRANT FUNDS: Authority to increase or decrease appropriations in response to changes in estimated grant revenues is adopted as follows:

- (a) If federal, state or local grant funds that are received during the fiscal year ending June 30, 2023 exceed the estimates appropriated by this ordinance the affected appropriation is increased by the amount of the increase in receipts.
- (b) If federal, state or local grant funds are received during the fiscal year ending June 30, 2023 fall short of the estimates appropriated by this ordinance the affected appropriations reduced by the amount of the shortfall in receipts.

SECTION 4: APPROPRIATION: There is hereby appropriated out of the revenues of the City of Houston, for the fiscal year beginning July 1, 2022 the sum of \$1,376,920.00 which sum is deemed by Council to be necessary to defray all expenditures of the City during said budget year to be divided and appropriated in accordance with the attached budget proposal.

SECTION 5: TAX LEVY: The rate of levy on each dollar assessed valuation of taxable property is fixed at 3.0 mills.

SECTION 6: EFFECTIVE DATE: This ordinance shall be effective immediately upon its adoption by the Houston City Council.

ADOPTED by the Houston City Council on June 9, 2022

ENTERPRISE FUNDS

ENTERPRISE FUNDS PURPOSE

Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises. The intent is that the costs of expenses of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user fees or charges.

FY2023 CAPITAL IMPROVEMENT PROGRAM	ESTIMATED VALUE	FY2023	FY2023	FY2024	FY2025	FY2026	FY2027
Admin/Facility							
Computer System Upgrade	\$9,858.00						
Technology Upgrades/Replacements Program	\$26,200.00						
Program narrative: to set up as a mechanism for the City of Houston to accumulate money needed to replace its technology equipment such as network servers, computers and other technology related equipment. Equipment is purchased and replaced according to the applicable replacement schedule for that type of equipment (usually 3-5 years). New Server for City Hall \$8,000.00 New Server Fire Dept \$7,000.00. New WatchGuard Router/Firewall for COH \$1,600.00. New 8 PC's \$9,600.00							
Public Works/Roads							
Houston Public Works Facility	\$750,000.00						
Design, engineer, and construct a public works and maintenance facility to move department equipment from outside and unsecured, to inside and secured in a minimum 4,000 sq. ft. structure. Facility will also be able to maintain city equipment, and will be equipped with office space and restroom facilities.							
Houston Schools Campus Pathways	\$1,200,000.00						
Engineer, design, and construct a separated pathway for pedestrians to safely travel to Houston school's campus away from roadway traffic. Trail 1 will connect the Parks Highway separated pathway to campus via Hawk Lane, and Trail 2 will connect Big Lake Road to Trail 1 via Kenlar Road.							
Road Grader	\$200,000.00						
This project is to Purchase/Lease a new road grader and related equipment: with the capabilities of ditching, wing blade and front plow attachments. <i>Justification:</i> This project will provide the capital to purchase a road grader with the capabilities of ditching and grading in the summer months and snow removal with the wing-blade and front v-plow for winter months.							
FY2023 CAPITAL IMPROVEMENT PROGRAM							
	ESTIMATED VALUE	FY2023	FY2024	FY2025	FY2026	FY2027	FY2028
Dump Truck	\$30,000.00						
This project will provide the capital to put out a request for bid package for a Dump-truck/ Snow Plow/ Sander. There are dump-trucks on the market with: front plow, belly blade, wing blade and sander similar to the vehicles used by DOT. <i>Justification:</i> The majority of the roads in Houston are gravel and require regular up-keep. Currently the City does not have equipment capable of hauling our own gravel or towing a trailer of the size needed to carry the back-hoe or a dozer. With the snow removal capabilities in the winter and gravel hauling in the summer this is a vehicle second only in priority to a better road grader.							
Road Maintenance and Disaster Response Equipment	\$535,000.00						
Purchase/Lease and equip a D3 size Dozer with a 6-way blade and enclosed cab for road, parks, and city-owned real property maintenance (\$220,000). Purchase/Lease and equip a hydraulic dump truck for the traffic of gravel, debris, and other necessary product for road maintenance and material placement to slow road erosion in a flooding emergency at the Little Susitna River (\$260,000). Purchase/Lease a compactor to firm up roads after repairs (\$20,000). Purchase /Lease an equipment trailer compatible with the Dump Truck as the tow vehicle. Trailer will be for the transport of non-road drivable equipment to points of work in the City and to the shop for maintenance. (\$20,000) Purchase/Lease training for operators on all new equipment, and purchase/lease preventative maintenance supplies for the equipment (\$15,000). Equip for seasonal use for winter road maintenance and disaster mitigation.							
Cheri Lake Road	\$400,000.00						
Complete Cheri Lake Road reconstruction, paving, and intersection and drainage upgrades as identified in already-completed engineers plans, and expand to remainder of Cheri Lake Road.							
Equipment Trailer	\$15,000.00						
This project will provide the capital to put out a request for bid for an Equipment trailer. <i>Justification:</i> As the City is able to purchase heavy equipment for road maintenance we will require a trailer capable of moving that equipment from site to							
Parks & Campground							
Armstrong Road Little Susitna River Crossing (Other Non-Prioritized Project)	\$45,000.00						
Design of a two-lane bridge to link King Arthur Drive south of the Little Susitna River to Armstrong Road on the north side. The bridge would be upstream from the Parks highway bridge and provide a second route for public safety vehicles as well as increased connectivity for local residents. The City's Comprehensive Plan supports this project.							
Parks & Recreation Plan	\$45,000.00						

Create a report focused entirely on the recreational opportunities and weaknesses in the city to supplement the 2017 Houston Comprehensive Plan and coordinate the creation of a volunteer recreation department to support the city's trails and parks.						
Houston Willow Creek Sled Trailhead Phase II	\$250,000.00					
Improve trails accessed from the parking and "base camp" area, install 9-1-1 phones, mark all trails that originate at Zero Lake Road until their termination with a universal marking system so that users can identify their location if reporting an emergency, and improve the signage at the parking area to ensure visitors are aware of trail map and conditions.						
Restroom Upgrades	\$200,000.00					
Install one new and replace three dilapidated restroom facilities in public campgrounds and parks of Houston to provide access to safe, enclosed, ADA-compliant restroom facilities						
Bear Paw Lake ADA Activity Park	\$723,000.00					
Construct and open an activity-focused park at Bear Paw Lake on city-owned land at White Rabbit Road and King Arthur Drive. Park to include ADA-compliant playground and playsets, athletic areas, hiking trails, food distribution location for regular and emergency feeding situations, sitting benches, and interpretive signage. Broken down into smaller elements to accomplish the park as funding and progress permit.						
Non-Motorized Boat Launch at the End of Robin Hood	\$15,000.00					
Upgrade the existing Little Su River Access off the end of North Robin Hood Drive to a non-motorized boat landing. This landing would allow easy access for about a one hour river float to the access at the Parks Highway.						
FY2023 CAPITAL IMPROVEMENT PROGRAM		FY2023	FY2024	FY2025	FY2026	FY2027
Dog Park in Little Su Campground	\$5,000.00					
Complete the build of a fenced in dog park in the Little Su Campground. Utilized volunteer and donated work to complete the clearing for a fenced area for dogs to be off their leash. Most of the funding will be for fill and fencing.						
Public Safety/Fire Dept./Police						
Renovation of Station 9-1	\$374,000.00					
Repairs necessary to ensure structural stability and safety for Fire Station 9-1; including replacing doors and windows, removing disconnected wiring, installing a fire sprinkler system, fix electrical system to comply with law, paint interior, and repair pavement used for apparatus and landing emergency helicopters.						
Houston Ladder Truck Engine (Aerial)	\$975,000.00					
Purchase a new firefighting ladder truck to protect Houston Middle School, Houston High School, Alaska Railroad including the spur and industrial rail corridor under construction, and many large commercial businesses and strip malls, and to provide mutual aid assistance to neighboring communities that lack an aerial device.						
Emergency Dry Hydrants	\$50,000.00					
Heavy Rescue Truck	\$225,000.00					
Quick Attack Fire Engine 9-1	\$350,000.00					
Replacement Fire Engine 9-2	\$650,000.00					
Thermal Imaging Cameras	\$30,000.00					
This project will fund two full-size Thermal Imagers at around \$10,000 each, 10 Seek Thermal Imagers at around \$800 each, and shipping for all.						
Replacement Fire Tanker 9-2	\$500,000.00					
Firefighting Hose & Equipment	\$65,000.00					
This will upgrade all fire apparatus large diameter supply hose from 3 inch to 5 inch in accordance with industry standards and to improve consistency with our mutual aid partners at West Lakes Fire Department and Central Mat-Su Fire Department. All fill sites are already setup for 5 inch supply and all fire engines in the Mat-Su are set up for a 5 inch Storz connection intake. This upgrade will result in much faster water flow on fire scenes and a decreased occurrence of running out of water on scene. Additionally, this project will purchase sections of other sizes of hose (1.5", 1.75", and 2.5" needed to replace hoses lost due to hose test failure, damage, or attrition. This project will also purchase additional hand tools necessary to replace equipment lost to damage and attrition.						
Disaster Communication System	\$105,000.00					
Purchase and installation of emergency communication equipment for use during disasters, interagency activity, and off-road rescues. This will include \$20,000 for base radio station at each fire station, \$10,000 for a shortwave radio setup at each fire station and in radios for Rescue 921, and purchase of new pagers and portable notification and communication.						
Houston Fire Training Facility (Non-Prioritized Projects)	\$75,000.00					

Houston Intermodal Parking Lot (Non-Prioritized Projects)	\$175,000.00						
Houston Transfer Station (Non-Prioritized Projects)	\$450,000.00						
Fire Station 9-3 / Public Works Shared Facilities	\$2,500,000.00						
Code & Law Enforcement Services							
Houston Police Offices and Vehicle Storage	\$400,000.00						
Construct a building to house the headquarters for Houston Police Department with vehicle storage areas to secure city-owned vehicles and also provide secure storage of vehicles impounded for investigatory purposes. Will include both interior garage and exterior storage yard of impounded vehicles.							
Community Policing Supplies	\$15,000.00						
Purchase services, supplies, and equipment to support local neighborhood watch programs, including but not limited to training, signs, flashlights, high-visibility vests, road flares, and other equipment and accessories that empower the community to assist law enforcement personnel with the enforcement of local ordinances and other laws.							
Personnel Protective Equipment	\$75,000.00						
Purchase clothing designed to identify personnel as code or law enforcement officers, to provide a means for personnel to carry necessary equipment, and purchase clothing accessories designed to protect wearers from violent attacks. All PPE must be fitted and designed specifically for personnel.							
Hire Consulting Firm	\$20,000.00						
Patrol Vehicle	\$60,000.00						
Purchase a purpose-built vehicle capable of safely transporting code and law enforcement personnel to their duties and to permit safe patrols. Purchase training for operators on all new equipment, and purchase preventative maintenance supplies for the equipment.							
Other Items Non-Prioritized Projects							
City of Houston as a whole Natural Gas Distribution							
Utility Infrastructure Distribution							
		FY2023	FY2024	FY2025	FY2026	FY2027	FY2028
1. Morvro Lake Natural Gas:	\$400,000.00						
Project narrative: Successful distribution and delivery of natural gas to this area will create less community and regional pollution and, in most applications, using natural gas produces less of the following substances than oil, wood or coal: carbon dioxide (CO2). Ready availability of natural gas allows for substantial cost savings for households that use natural gas for heating, cooking and clothes drying rather than homes relying on electricity, oil, propane or purchased wood. Morvro Lake natural gas installation would benefit approximately 90 properties.							
2. Cheri Lake Natural Gas:	\$240,000.00						
Project narrative: Successful distribution and delivery of natural gas to this area will create less community and regional pollution and, in most applications, using natural gas produces less of the following substances than oil, wood or coal: carbon dioxide (CO2). Ready availability of natural gas allows for substantial cost savings for households that use natural gas for heating, cooking and clothes drying rather than homes relying on electricity, oil, propane or purchased wood. Cheri Lake natural gas installation would benefit a minimum of 21 properties.							
3. Enchanted Forest Natural Gas:	\$85,000.00						
Project narrative: Successful distribution and delivery of natural gas to this area will create less community and regional pollution and, in most applications, using natural gas produces less of the following substances than oil, wood or coal: carbon dioxide (CO2). Ready availability of natural gas allows for substantial cost savings for households that use natural gas for heating, cooking and clothes drying rather than homes relying on electricity, oil, propane or purchased wood. Enchanted Forest natural gas installation would benefit approximately 50 properties.							
FY2023 CAPITAL FUND BUDGET							
Cell Tower Lease	\$6,900.00

	\$19,070.80						

Budget Summary

Introduction

The Matanuska-Susitna Borough has adopted a budget that maintains necessary services while implementing significant cuts in areawide operations and capital. The Borough continues to face unprecedented financial challenges, including the drastic reduction in contributions from the State of Alaska to local government. We must balance building infrastructure and providing essential services while maintaining a healthy financial condition. As in prior years, this budget follows our sound fiscal management policies in accordance with Borough Code. This includes a reserve which has been established for the minimum fund balance. The minimum is \$25,000,000. Adherence to the borough's fiscal policies, approved in code in 2003 and amended in 2014, improves the borough's ability to finance long term projects such as schools, public safety buildings and recreational projects at the lowest possible interest cost. This also will assist in maintaining our current bond rating. Our current published rating for Standard & Poor's was affirmed at AA+ following a meeting between Borough Finance and the agency this past November. Additionally, Fitch Ratings affirmed our rating of AA.

The approved comprehensive fiscal year 2023 annual budget is presented in nine major sections: Overview, General Fund, Special Revenue Funds, Solid Waste Enterprise Fund, Port Enterprise Fund, Debt Service Funds, Capital Projects/Grant/Match Funds, Internal Service Funds and Other Information. The Overview Section includes the mill levies adopted for fiscal year 2023, beginning and ending fund balances and reconciliations, revenue and expenditure summaries and graphs for fiscal year 2021, 2022 and 2023 and personnel comparisons for the current year and prior years. The General Fund section contains the information relating to the areawide fund (i.e., general government operations), such as administration, planning, ambulance service and finance. The Special Revenue Funds section includes the nonareawide fund, Enhanced 911, land management fund, fire service areas, road service areas, special service areas and the educational fund.

The borough operates two proprietary funds, the Solid Waste Enterprise Fund and the Port Enterprise Fund. Solid Waste operates all activities related to the borough's sanitary landfill. The Port Enterprise operates all activities related to Port MacKenzie.

An enterprise fund can be used to report an activity for which a fee is charged to external users for goods or services. For each of these two referenced operations, the use of an enterprise fund will more clearly identify

the financial condition of the respective operation. Additionally, should any of these operations have a need to issue revenue bonds in the future an enterprise fund would be required.

The Debt Service Fund section contains nine separate funds. This includes the debt service for construction of school facilities, the Central Mat-Su and West Lakes Public Safety Buildings, the parks and recreation bond projects, Transportation System Bonds and the debt service for the Animal Care Facility. A fund for the Fireweed Building was established in fiscal year 2018 and with this budget is paid in full

The capital projects/grants/pass-through section includes capital projects for indoor/outdoor recreation, repair and upgrade of borough facilities, infrastructure, emergency services and road projects. Additionally, it includes funds for matching grants and grants to other entities. Finally, the capital budget includes funds for the City of Wasilla, My House and various Information Technology, Planning, and Animal Care Projects.

The Internal Service Funds section contains the information related to the low cost loans available to the service areas. New this fiscal year is the establishment of an internal service fund to provide financing to local improvement districts.

Also included is an Appendix with detailed personnel data by fund, department, and division, as well as statistical and supplementary information. This includes information related to assessed property values, top Mat-Su tax payers, and economic and demographic data. Additionally, a Chart of Accounts and Glossary of key terms are included.

The borough exercises the following areawide powers: property assessment and collection of taxes, planning and zoning, parks and recreation, emergency medical service and historic preservation. In addition to general borough activities, the Assembly approves the total annual school budget, levies the necessary taxes and approves the borrowing of money and the issuance of bonds for the borough as well as school construction projects. Therefore, the budget of the school district is included in the borough's comprehensive budget as a component unit. The school district's operating budget is to be delivered to the Mayor, Assembly and Borough Manager before April 1 of each year. The School Board approved their proposed operating budget on March 16, 2022.

The borough exercises the following nonareawide powers: solid waste, libraries, septage disposal, animal control and economic development. The borough is responsible for 29 active service areas (flood, water,

fire, roads and erosion control). Service area boards of supervisors are appointed by the Assembly to make recommendations to the Manager and Assembly on certain matters that affect each service area. This comprehensive budget includes the budget detail for these service areas.

Goals and Objectives

The 2023 goals for the Matanuska-Susitna Borough is process improvement and infrastructure building for the benefit of all Borough residents. The Matanuska-Susitna Borough is the fastest growing area in the State of Alaska. We are currently sitting at a population greater than 107,305. We are the second largest community in Alaska. The Matanuska-Susitna Borough is working to improve our areas of service and infrastructure to support our continual growth into the next decade.

The Matanuska-Susitna Borough Assembly has kept tight control over the annual property tax levy. In the past the grant allocations for infrastructure improvements coupled with new non-property tax revenue (tobacco tax increase), and limited spending of cash reserves has permitted the Borough to move

forward to accomplish their short term mission. The priorities established by the Matanuska-Susitna Borough Assembly have been consistent for the past six budget cycles.

Timetable

On April 19, 2022 the Borough Manager introduced the proposed budget to the Assembly and the Public. Public hearings were held by the Assembly on the proposed fiscal year 2023 budget on April 26th, April 28th, and May 4th.. The Assembly held deliberations on the proposed budget on May 12th and the proposed budget as amended was adopted as amended on May 24, 2022.

This budget as now approved may subsequently be amended at the request of a Department Director for an amendment within a department and within a fund. Such an amendment requires the approval of the Manager. If funds are to be transferred from a certain fund to a capital project fund or unassigned fund balance needs to be appropriated into a budget, approval of the Assembly is required. See the Budget Process section of this document for more details on budget amendments.

Major Assembly Amendments to the Manager's Proposed Budget

Budget deliberations for the fiscal year 2023 Manager Proposed Budget resulted in nine amendments. The various amendments proposed and approved by the Assembly are detailed below.

Upon approval of the Assembly amendments, the mill levies were set. The areawide mill rate was approved at a rate of 8.901 mills and the nonareawide fund was approved at a rate of .392 mills. In addition to the amendments to these mill levies, the following summarizes the other major amendments to the Manager's Proposed Budget:

Assembly Amendments to Proposed Budget:

1. A decrease in the Areawide Mill Rate of .109 by reducing the education operating transfer in Areawide and Education Operating by \$1,311,952.
2. A decrease in the Areawide Mill Rate of .136 by reducing the Areawide Transfer to Debt Service-School by \$1,628,560 and decrease in transfer to Debt Service - Schools of \$2,680,279 to increase 2021 Transportation Capital Project.
3. A decrease in the Areawide Mill Rate of .069 by increasing Areawide Revenues from Marijuana tax by \$340,000, and by increasing Areawide Revenues from Tobacco Excise Taxes by \$490,000.
4. A decrease in the Areawide Mill Rate of .084 by reducing the Areawide fund balance by \$1,000,000.
5. Reappropriation of \$300,000 from Project 47031, Jonesville Public Use Area Project, to Land Management capital projects and \$50,000 from Areawide fund balance for Skeetawk Ski Area Development.
6. Reduce fund balance by \$579,929 and increase Capital Projects 2021 Transportation package.

Minimum Fund Balance

Reflected in this budget is the continued funding of a minimum reservation of the areawide fund balance, originally established in fiscal year 2003. The reservation had equated to 25% of the budgeted expenditures of the operating funds. In fiscal year 2015, the Assembly passed a proposal to decrease the amount to 22.2% of the operating expenditures of the fiscal year 2015 budget, excluding the operating budgeted expenditures of the school district. In the fiscal year 2016 budget the Assembly passed a proposal to decrease the minimum fund balance reservation to the lesser of 22.2% of the operating expenditures of the borough or \$25,000,000. This reservation remains in effect.

Fiscal Year 2023 Assembly Adopted Comprehensive Budget: A budget that provides for necessary services, funding for education, debt service for schools, emergency services, parks and recreation, transportation systems and an animal care facility, capital for paving roads and other projects, matching funds for various grants and maintenance of the minimum fund balance reserve.

Overview

The fiscal year 2023 assembly adopted comprehensive budget is approximately \$9.1 million more than the 2022 adopted budget. Capital increased by \$6.6 million. Additionally, Education decreased \$2.9 million and General Government increased \$1.2 million.

The adopted comprehensive budget for fiscal year 2023 totals \$433,350,213. Included in this total is \$258.55 million for school operations, \$31.95 million for debt service, \$60.04 million for borough operations, \$15.44 million for fire service area operations, \$17.70 million for road service area operations, \$11.35 million for the Solid Waste and Port enterprise operations, \$35.63 million for capital projects, and \$2.68 million for other service areas and E-911 operations. There are two major funds, Education-Operating and Areawide, which are discussed in detail below.

The major sources of revenues in various funds were from property taxes. A revenue commentary section is included in each fund section which states the mill rate on which property taxes were based. The only exception is the Education Fund. The major source of revenues in that fund is from the State of Alaska. The amount is based on projected student enrollment.

There were funds in which the fund balance increased or decreased by 10% or more. Those funds and a description of the increase or decrease are as follows:

Fund Balance with a Change of 10% Increase/Decrease			
Fund	Estimated Fund Balance, after Reserves, As of June 30, 2022	Estimated Fund Balance As of June 30, 2023	Description
Areawide / General Fund	\$30,730,230	\$85,961	Decrease is a result of expenditures exceeding budgeted revenues and utilization of the unassigned fund balance.
Aggregate Non-Major Funds	\$54,961,610	\$37,990,668	Decrease is the result of increased expenditures exceeding budgeted revenues and utilization of the fund balances.

Table 1: Fund balance changes of 10%

School Support Provided by the Borough

The major component of the comprehensive budget is the school district operating budget and related expenditures. The borough’s local contribution to the school district is governed by AS 14.17.410. This statute outlines the minimum and maximum amounts that can be contributed to the school district which consists of state aid, required local contribution and eligible federal impact aid. The required minimum local contribution is based upon the full and true value of property in the borough as determined by the Department of Commerce, Community and Economic Development as of September 24, 2021. For fiscal year 2023 the required contribution was \$36,177,500.

The School Administration delivered their budget to the Borough Manager on April 1st. In fiscal year 2022 the district received local funding from the Borough in the amount of \$65,841,806. The local contribution to education included in this budget is \$70,696,614.

In addition to the direct contribution to the school district for local effort, \$25,122,121 must be provided for school debt service. It is anticipated that the Borough will receive the full debt service reimbursement from the State of

Mill Rate Equivalentents – School Debt		
Description	Amount	Mill Rate Equivalent
School debt service	\$25,122,121	2.103
State reimbursement	17,257,374	1.445
Local portion of non-reimbursed school debt	\$7,864,747	0.658

Table 2: School Debt and Mill Rate Equivalentents

Alaska on school related construction in the amount of \$17,257,374. The taxpayers will bear the remaining amount of the school debt service in fiscal year 2023. The increase in the mill rate associated with the unreimbursed debt service is approximately 0.658 mills.

The approved fiscal year 2023 school budget is \$258,548,743. Student enrollment for fiscal year 2023 has been projected at 19,333. This represents a projected increase of 447 students from the official count in fiscal year 2022.

The following tables identify the source of funding for school operations and mill rate equivalent for the local portion of the debt service for school construction and improvements.

	School Support				
	Federal	State	Local	Borough	Total
Operate Schools	\$2,011,066	\$184,825,263	\$1,015,800	\$70,696,614	\$258,548,743
Debt Service	\$-	\$-	\$-	\$20,813,282	\$20,813,282
Total	\$2,011,066	\$184,825,263	\$1,015,800	\$91,509,896	\$279,362,025

Table 3: School Support

Taxes

In this budget, taxes include the current year tax levy on real and personal property, the collection of delinquent real and personal property taxes, vehicle taxes collected for the borough by the state's Division of Motor Vehicles and penalties and interest on delinquent taxes. Also included in this category is the excise tax on cigarette and tobacco products. The assembly adopted 2023 budget shows an increase of approximately \$3,874,000 in total taxes. This relates to an increase in assessed property values in the borough.

Overall the borough experienced an increase in assessed value of approximately 9.3 percent. This increase in assessed value is namely due to the new residences and commercial buildings that were constructed over the past year and a reevaluation of residential and recreational and commercial properties. Regarding new construction, while the volume of new construction has declined, new construction of both residential and commercial has continued. The following table illustrates the units built and value of both commercial and residential construction over the last several years, including the most recent year.

Calendar Year	Commercial & Residential Construction Value			
	Residential		Non-residential	
	No. of Units	Value	No. of Units	Value
2009	775	114,754,139	36	45,761,861
2010	547	86,668,220	37	19,010,480
2011	328	55,930,941	25	20,802,400
2012	447	80,165,700	70	33,097,400
2013	433	84,882,500	74	26,028,308
2014	475	99,735,100	101	39,675,000
2015	590	123,732,800	211	99,256,100
2016	542	120,329,500	252	104,608,300
2017	533	112,393,300	250	89,565,700
2018	629	124,037,900	235	79,831,600
2019	547	103,283,600	142	99,825,710
2020	658	119,446,000	148	73,036,950
2021	602	116,471,600	101	51,657,728
2022	671	164,221,700	80	30,467,300

Table 4: Commercial & Residential Construction Value

Senior Citizen and Disabled Veteran Exemption

Alaska Statutes mandate that properties meeting certain criteria are exempt from local taxation. The state was then to reimburse the municipality for those lost revenues. Unfortunately, this has become an unfunded mandate. The state is no longer funding an appropriation for reimbursement to the municipalities for this mandate. The financial implications of the mandate are compounded as increasing numbers of properties qualify for exemption. Over the last three fiscal years, assessed valuations for these properties increased by \$311 million, resulting in the entitlement illustrated in Table 5. If the state had fully funded this mandated program, the Assembly could reduce the areawide mill rate by 1.45 mills from the approved level of 8.901 mills to 7.451 mills. Additionally, mill rates in the nonareawide fund and the service areas could be reduced.

Fiscal Year	Entitlement	State Reimbursement	Unfunded State Mandate
1990	\$746,941	\$220,216	\$526,725
1995	2,246,435	154,750	2,091,685
2000	3,157,014	-	3,157,014
2011	7,926,134	-	7,926,134
2012	8,480,927	-	8,480,927
2013	9,005,861	-	9,005,861
2014	9,094,522	-	9,094,522
2015	10,105,248	-	10,105,248
2016	11,338,646	-	11,338,646
2017	12,212,180	-	12,212,180
2018	13,589,947	-	13,589,947
2019	14,943,337	-	14,943,337
2020	16,182,950	-	16,182,950
2021	17,077,020	-	17,077,020
2022	17,558,000	-	17,558,000
2023	17,379,400	-	17,379,400

Table 5: Unfunded State Mandate – Tax Exemption

Changes to the Operating Budget

The Matanuska-Susitna Borough is still the fastest growing area of the State. This budget was prepared with the goal of addressing critical issues and providing better quality of service to our residents. In addition to increased funding for debt service, education, and transportation systems, the assembly approved projects that improve efficiency and/or effectiveness as set forth by the departmental goals and objectives. Those goals and objectives are discussed below following the section on Revenues.

Regarding the increased funds for debt service, Borough Code mandates the total debt cannot exceed 7% of Assessed Value. Current debt plus anticipated debt issuance in fiscal year 2023 (\$219,460,000) is far below that mandated level of \$851,261,611.

Fund 100: Areawide Revenues and Operations

The majority of the Revenues in the areawide Fund are from taxes. The mill rate for the areawide Fund was amended and subsequently approved at 8.901 mills. These taxes predominately fund Education. Table 6 identifies the funding allocation of the mill rate.

Funding Allocation	Millage
Contribution to Education	5.917 mills
Net debt service on education bonds	0.658 mills
Net debt service on all other bonds	0.375 mills
Borough Operations and Capital	1.951 mills
Total	8.901 mills

Table 6: Funding Allocation of the FY 2023 Mill Rate

Overall the general fund expenditures and transfers decreased by \$5.6 million from the revised fiscal year 2022 budget. In preparing this budget, the new programs or projects that were added were those that would assist in enhancing the quality of life for our residents.

Expenditures were increased to meet the school funding calculation as well as the unfunded portion of school construction bond debt service. Additionally, funds were approved to meet the specific goals of each department, detailed in the Departmental Presentation area of the budget document.

Changes to the Capital Budget

Approved in the capital projects/grant budget was \$500,000 in matching funds for Fish Passage Grants and \$150,000 for Human Services Grants. At one time, many grants did not require a match. That unfortunately is a thing of the past. These funds will provide a match for grants as approved by the Assembly through adoption of a Resolution.

Besides funds for matching grants, \$300,000 was approved for various building upgrades. \$1,150,000 for various Emergency Services projects such as ambulance replacement/refurbishment, command and fleet vehicles, and telecommunication. \$723,000 was approved for information service network refresh, workstation life cycle refreshing, eCommerce upgrades and improvements, aerial imagery and LiDAR, and firewall replacement projects for Information Technology.

On June 4, 2019 Ordinance 19-034 was approved. This ordinance changed the allocation of vehicle taxes, eliminated the reserve, and created a bridge and railroad crossing major maintenance and dust control capital project for the excess funds. \$598,030 was appropriated into the project.

Lastly, \$11,140,208 has been approved for grants to the City of Wasilla, GWCC Tourism Support, Mat-Su Convention & Visitors Bureau, parks and recreation improvements, public works projects, and for tourism related infrastructure.

Fund 200: Nonareawide

Overall expenditures in the nonareawide fund decreased approximately \$291,146 as compared to fiscal year 2022. Animal Care requested capital in the amount of \$675,000 for updates to their HVAC system and long-term deferred repair and maintenance of the shelter facilities. Community Development requested \$112,000 for deferred maintenance and improvements to the Sutton Library. Public Works requested \$25,000 for energy saving improvements in the nonareawide locations.

Fund 202: Enhanced-911

Within this budget, the Enhanced 911 fee was set at \$1.25 per wireline and per wireless telephone numbers that are billed or sold to a customer with an address within the borough. The approval of this fee is part of the budget ordinance. The budgeted expenditures are as recommended by the Advisory Board. The Board consists of a representative from the borough, the Cities of Palmer, Wasilla and Houston and the Alaska State Troopers.

Fund 203: Land Management Operations

The budget for the land management fund shows an overall increase of \$276,172 for operations.

Fire Service Area Operations

Regarding Capital, Central Mat-Su proposed \$3,985,000 for the purchase of various response equipment, land purchase for station 5-2, firefighting chemicals and command and support vehicle replacements. West Lakes proposed \$475,000 in capital. This is for the purchase of land for a new fire station, security cameras, and improvements to station 8-2.

Butte requested \$100,000 for a new brush truck.. Caswell requested \$40,000 for new turncoats and pants. Willow requested \$190,000 for various station improvements and security enhancements as well as new personal protective equipment and gear. Greater Palmer has requested \$1,445,000 in capital for station remodels, property acquisition for fire stations, and apparatus with various equipment. Talkeetna Fire Service Area requested \$215,000 for a vac truck and a generator for storage buildings. Lastly, Sutton Fire Service Area has requested \$130,000 for Station repairs and maintenance as well as updated protective equipment and clothing.

Road Service Area Operations

Included in the road service area budgets are not only their operating budgets but also monies for their capital projects. In prior years, a separate ordinance had been brought to the Assembly to appropriate monies from the individual service areas for various capital projects. In this budget, we have incorporated the transfer for capital projects within the budget. The specific projects were identified and prioritized in Assembly Memorandum 22-011 approved by the Assembly on February 15, 2022.

Other Service Areas

The other service areas are status quo with the exception of Talkeetna Water and Sewer which saw an increase in their budget of \$177,399. Additionally, there is a \$225,000 in capital for a generator and a vac-truck.

Solid Waste Enterprise Fund

The Solid Waste Enterprise Fund is utilized to assist in clearly identifying the true cost of Solid Waste operations and whether fees are sufficient to cover expenses of operation. The budget increased \$795,586 from fiscal year 2022.

Regarding capital, \$2,586,000 is being requested for various projects including an entrance road and facility improvements, gas well installation, operation building replacement, waste container replacement and a well and pumping station.

Port Enterprise Fund

The Port Enterprise Fund was created in fiscal year 2005. This was created for several purposes. By segregating this in an Enterprise Fund, the true cost of the Port operation will clearly be apparent. Additionally, this addresses the Port Commission's request of segregating revenues from Port Operations from those revenues of all other operations.

This is an operation where fees are charged to external users. Unfortunately, the Port has not experienced the revenues expected. As such, in accordance with direction from our auditors, the Port Enterprise Fund operations will be paid by the General Fund through a transfer to the Port Enterprise Fund. The transfer is for operational expenses (less depreciations) plus the interest payment on the debt. Additionally, assembly members have requested to see a trend in the reduction of the deficit. There are not any capital requests for the port and its operating budget decreased \$866,093 from fiscal year 2022.

Personnel

There are five new positions in this budget. Department of Emergency Services (DES) requested a rescue coordinator and a fire chief for Butte FSA. Solid Waste requested one new Utility Worker. Community Development requested a Parks and Trail Technician and the Borough Clerk requested a position in elections. It is important to note; the Matanuska-Susitna Borough has one employee for every 279 residents. A higher ratio than any other Municipality in the State.

Fiscal Year 2023 Budget Highlights

There are several important items that should be noted relative to this budget for the next fiscal year. First, mill levies for areawide, nonareawide and all service areas but two were decreased from last year. Second, we strived to provide funds to leverage additional grant funds, increase school funding and move forward with the 2021 transportation package. Third, it was also the intent with this budget to align the Borough expenditure with shrinking state resources without impacting services. That was accomplished through the adherence to the financial policies which included the maintenance of the minimum fund balance.

Services provided by our local government affect the quality of life of people living in the area served by the government. In our borough, education for our children is definitely a top priority in terms of where our tax dollars are spent. Although expenditures for other services are eclipsed by the \$261.4 million (67 percent of the comprehensive budget) spent on education and education related expenditures including debt service for school facilities, these other services are key elements in the borough's contribution toward the quality of life afforded to the residents of the Matanuska-Susitna Borough. It is our goal to supply these services, along with the general government functions to administer these programs, in the most effective means possible so that the residents of the borough feel that their tax dollars are well invested.

Acknowledgements

We would like to give credit to the borough employees who participated in the preparation and development of this budget. The department heads and their staff have worked hard to develop departmental budgets which complied with the Borough Manager's budget message to reduce funds for operations. This has been a very difficult task. Many thanks also go to the employees of the Budget & Revenue Division, Lyndsey Brisard and Lesley Norris for the hours they have put in either working on or preparing this document. As always, we are available to assist you in reviewing and evaluating this budget. To review a copy of this budget online, visit www.matsugov.us, Transparency, Borough Budgets, 2023 Budget.

The Budget Process

Budget Preparation

The budget process began in January with a meeting by the Manager with all department heads. The Manager delivered his budget message and a projection for the coming year, considering the economy and the legislature. The Manager outlined his general budget policies and goals at that time. Additionally, budget preparation packets were distributed to the departments along with their personnel sheets. Individual Department meetings were held with division managers and other persons involved in the preparation of the departmental budgets. The Finance Director outlined her expectations on how and when the budget preparation schedules are to be completed through the manager's memorandum.

The detailed departmental budgets were input into the computerized budgeting system by the respective departments. The resulting computer reports were then routed to the department heads for their review. As the manager makes changes to the department's approved budget, his recommendations are entered into the computerized budget system and shown as the "manager approved" column in the preliminary budget document. The borough assembly makes the final adjustments to the budget, and the final budget amounts will appear in the "assembly approved" column of the final budget document.

Legal Level of Budgetary Control

The legal level of budgetary control defines the lowest level of budgetary detail at which resources may not be reassigned without approval of the Assembly. For the Matanuska-Susitna Borough, the legal level of budgetary control shall be expenditures for each department for each fund for which a budget is required. See the Budget Amendment section for details on the amendment process.

Estimated Revenues

Developing the budget for estimated revenues is a dynamic process. The preliminary revenue

projections may change due to the fact that several of the revenues of the borough depend on events that may not occur until after the preliminary budget is published. Examples of these events are the actions of The Alaska State Legislature regarding the setting of funding levels for local governments and the fact that the assessment roll is not finalized until May 31st. The state legislature meets to deliberate on the state budget at the same time that the borough budget is developed. As the state budget solidifies, adjustments are made to the borough estimates. The School Board is required by MSB 3.04.020(B) to formally present the school budget for the following school year, including its request for local effort, to the Borough Assembly by March 31st. Within 30 days after receipt of the school budget, the assembly must furnish a statement to the School Board of the amount to be made available to the School District from local sources. This was completed through the approval of the Resolution for Minimum Funding for the District on April 19, 2022. By May 31st, the assembly must appropriate the amount to be made available from local sources. Fine tuning of the budget, both in terms of estimated revenues and appropriations, occurs as the final budget is deliberated and passed by the assembly.

The preliminary budget document was provided to the assembly on April 19th, 2022. The preliminary budget document included all funds for which budgets were to be set. This allowed the Assembly to see the entire borough spending plan, including service areas, at the same time they are considering the school district budget.

Public Involvement and Budget Adoption

In the case of the Fiscal Year 2023 budget, Public Hearings were held on April 26th, 28th and May 2nd. Deliberations will be held May 4th, May 10th and on May 12th. The Fiscal Year 2023 budget was adopted on May 24, 2022.

The Budget Process – Budget Calendar Fiscal Year 2023

Date	Budget Activity / Deadline
November 30, 2021	New, not currently classified position requests are submitted to the Manager, Human Resources and Finance by November 30th for classification.
December 10, 2021	Capital Project Nominations are submitted to the Public Works Director.
January 5, 2022	Budget system is activated and directions are distributed to Directors with personnel planning sheets.
January 18, 2022	Preliminary Tax Roll is completed.
Week of January 25, 2022	Assessment notices are mailed.
January 28-February 6, 2022	Appeal period.
January 27, 2022	Revised capital requests, including justifications, are submitted to the Finance Director.
January 27, 2022	New positions, personnel change requests, and justifications for new positions are submitted to the Manager and Finance Director.
January 31, 2022	Local education funding allocation is calculated as of January 31, 2022 and provided to the Borough Manager.
February 1, 2022	School district is notified of local contribution amount.
February 3, 2022	Revised salary personnel worksheets noting overtime, temporary, and on-call employee wage requests are returned to the Budget & Revenue Manager.
February 3, 2022	Full listing of requested positions is submitted to Finance by the Borough Manager.
Week of February 7, 2022	Salary and benefit data is reviewed and entered into the budget system by the Revenue & Budget division. Personnel budget worksheets are provided to Directors for review.
February 14, 2022	Update tax revenues following preliminary completion of tax roll.
Week of February 14, 2022	Final divisional budgets to be reviewed and updated accordingly by department heads. Submit detailed description of requests for training, travel, professional services, other contractual, furnishings, and equipment to the Budget & Revenue Manager.
February 18, 2022	Budget system is closed for input at 5:00pm.
February 18, 2022	Preliminary mill rates to be provided by Public Works Director & Emergency Services Director for RSAs, FSAs and SSAs.
February 25, 2022	Department directors have reviewed budgets with applicable boards and commissions including E-911, Animal Care, Board of Supervisors, etc.
Week of March 1, 2022	Assessor prepares revised tax roll following the appeal period.
To Be Determined	Joint meeting with the Assembly and School Board
March 18, 2022	Final millrates for RSAs, FSAs, and SSAs submitted to Finance Director from Public Works Director & Emergency Services Director.
March 28, 2022 - April 4, 2022	Finalization of Borough Manager's fiscal year 2023 proposed budget and completion of final modifications.
March 30, 2022	School district to deliver their budget to Borough.
Week of April 4, 2022	Prepare minimum funding resolution.
April 7, 2022	Special Meeting: Department Budget Presentations
April 19, 2022	State Legislative Session ends.
April 19, 2022	Introduction of Manager's proposed fiscal year 2023 budget.
April 26, 2022	Special Meeting: 1st Budget Public Hearing
April 28, 2022	Special Meeting: 2nd Budget Public Hearing
May 2, 2022	Special Meeting: 3rd Budget Public Hearing
May 4, 2022	Special Meeting: Budget deliberations and possible adoption
May 10, 2022	Special Meeting: Budget deliberations and possible adoption
May 12, 2022	Special Meeting: Budget deliberations and possible adoption

..... The Budget Process – Process for Budget Amendments

Budget Amendments

To amend the budget after it has been established, the Assembly may transfer appropriations between major classifications of departments by resolution; however, transfer of appropriations between funds must be done by ordinance. The Borough Manager has the authority to transfer amounts within a department.

Supplemental appropriations, except emergency appropriations, may be made by ordinance only after public hearings and Assembly approval has taken place. Emergency appropriations may be done by Assembly ordinance without a public hearing, but are only effective for 60 days. Extensions of such appropriations must go through the public hearing process.

Transfer of Budgeted Funds Within a Department or Service Area Fund

Increase of Overall Department or Service Area Fund

Description of the Budget Document

Basis of Budgeting and Accounting

Budgets for the General Fund, Special Revenue Funds and other funds are adopted on a basis consistent with generally accepted accounting principles (GAAP) in the United States of America. The Borough's budget is prepared using the same basis of accounting used in the preparation of the Comprehensive Annual Financial Report (CAFR). Proprietary funds are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows.

When preparing the Borough's budget for governmental funds, a current financial resources measurement focus and the modified accrual basis of accounting are used. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Borough considers revenues to be available if they are collected within 60 days after year-end. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to accrued leave are recorded only to the extent they have matured.

Property and other taxes, charges for services, and interest associated with the current fiscal period are all susceptible to accrual and are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Budget Document Description

The budget document itself is divided into several sections. The first section of the budget is the Introduction Section, which includes the Transmittal Letter, Budget Awards, Budget Ordinances for the Borough and the Cities, the 2023 Budget Calendar, narratives about the Budget Process, Budget Document, Fund Structure and Financial Policies. Ordinance No. 22-022 appropriated monies from the central treasury and established the rate of levy for

all Borough Operating Funds, Enterprise Funds and Capital Funds for fiscal year 2023. The ordinance also appropriated monies from the central treasury for the Education

Operating Fund and established the rate of levy for all Operating Funds. Additionally, it set the surcharge for the wireline and wireless Enhanced 911 systems for the period beginning July 1, 2022 through June 30, 2023.

The next section is the overview. The overview information is a recapitulation of detailed data presented later in the budget document. Its purpose is to give the reader an understanding of the overall financial activities and structure of the borough without having to sift through the many pages of detailed information. This section includes a summary of Mill Rates, Beginning and Ending Fund Balances, Revenues, Expenditures and Transfers, as well as a personnel summary.

Following the overview are sections for each type of fund, beginning with the general fund (areawide fund) and followed by special revenue funds, enterprise funds, debt service funds, capital projects fund and internal service funds. Each section provides detailed information on revenues and expenditures for each fund within the fund type. There are also pages detailing the expenditures by account number. Expenditure information includes the actual 2021 expenditures, the 2022 expenditures as amended, and 2023 approved.

Non-areawide, Land Management, Enhanced 911, Education and Service Area budgets are found in the special revenue section. All special revenue funds are summarized on the first page of their respective section and are followed by budget pages similar to the department budgets described above.

Following the Nonareawide Fund are specific sections for the Solid Waste Enterprise Fund, Port Enterprise Fund and Debt Service Funds. The revolving loan funds are in the Internal Service Funds section. Within the Appendix, the reader will find 2023 approved positions, a history and economic profile of the Matanuska-Susitna Borough, property tax and assessed value information, as well as a glossary and chart of accounts.

Fund Balance and Governmental Funds

Fund Balances

Fund balance refers to the difference between current financial assets and liabilities reported in a governmental fund. Since all related assets and liabilities are not reported for governmental funds, fund balance is considered more of a liquidity measure than a net worth measure. Credit rating agencies monitor fund balance levels and strongly consider unrestricted fund balance when determining a local government's creditworthiness. Fund balance is also important to guard against unanticipated events that would adversely affect the financial condition of the Borough and jeopardize the continuation of necessary public services.

The Borough applies the provisions of GASB (Governmental Accounting Standards Board) Statement Number 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. There are five types of fund balance:

The Borough has established the following reserves:

	Actual FY2021	Estimated FY2022	Estimated FY2023
Minimum Fund Balance	\$25,000,000	\$25,000,000	\$25,000,000
Self-Insurance	500,000	500,000	1,000,000
Compensated Absences	250,000	250,000	250,000
Assembly Project	25,217	25,217	25,217
Major Repairs and Renovations	200,000	1,000,000	1,000,000
Capital	500,000	1,000,000	1,000,000
Emergency Response	1,250,000	1,250,000	1,250,000
Paving Projects & Calcium Chloride	2,559,319	-	-
Total Reserves	\$30,284,536	\$29,025,217	\$29,525,217

Table 2: Borough Reserves

Proprietary Funds - Working Capital

Working capital refers to the difference between current assets and current liabilities reported in a proprietary fund. This measure indicates relative liquidity. Credit rating agencies consider the availability of working capital in their evaluations of a local government's creditworthiness. Working capital is also important in mitigating unanticipated events and ensuring stable services and fees.

Proprietary Funds - Net Assets

Net assets refer to the difference between assets and liabilities reported in a proprietary fund, and may be considered a measure of net worth. There are two types of net assets:

Restricted

1. *Nonspendable* (inherently nonspendable) – resources that cannot be spent because of form (e.g. inventory, prepaid items) or because they must be maintained intact.
2. *Restricted* (externally enforceable limitations) – resources with limitations imposed by creditors, grantors, laws, regulations, or enabling legislation.

Unrestricted

1. *Committed* (self-imposed limitations) – resources whose use is constrained by limitations that the governing body has imposed and remains binding until removed in the same manner.
2. *Assigned* (limitation resulting from intended use) – resources whose use is constrained by a body or official designated by the governing body.
3. *Unassigned* – resources that are not nonspendable, restricted, committed or assigned to a specific purpose.

1. *Restricted* – funds committed for identified purposes or legally required to be segregated; not available to liquidate liabilities of the current period (e.g. debt service, impact fees).
2. *Unrestricted* – funds not required to be on hand and have not been identified for a particular purpose; available for capital projects or to balance the budget; the measure of financial health for an enterprise fund.

Financial Policies and Procedures Policy Overview

The fiscal philosophy of the borough incorporates the concept that the taxpayers in different areas or taxing districts pay only for those services which they receive. The borough form of government is designed to provide maximum local self-government with a

minimum of local governmental units and to prevent duplication of tax-levying jurisdictions.

In Alaska, the borough is a political subdivision of the state which corresponds generally to a county in other states.

The Matanuska-Susitna Borough's financial policies set forth the basic framework for the overall fiscal management of the borough. The established long-range policies regarding financial management take a conservative approach on forecasting revenues due to the uncertainty of revenue sources, particularly state revenues. This policy takes into consideration any changes in circumstances or conditions when evaluating both the current and long-range goals, and has helped to maintain financial stability.

Borough Government

The Matanuska-Susitna Borough was incorporated as a second class borough on January 1, 1964. Alaska State law mandates that second class boroughs must provide certain services on an areawide basis to all taxpayers. These include property assessment, tax collection, education and planning. All other services must be voted on and approved by those taxpayers who are to receive the services. This gives the taxpayers control over the type and level of service for which they are willing to pay. The Matanuska-Susitna Borough governmental unit is charged with providing a full range of community services that include fire service, emergency medical service, road maintenance and construction, planning and zoning, solid waste disposal, assessment and collection of property taxes. Funding for the borough, by order of importance, is provided from state revenue, property tax, federal revenue, interest earnings and other sources.

Financial Policies and Procedures

The assembly has the responsibility to set the budget and establish mill rates of the borough and the service areas. Additionally, they establish the amount of the Local Contribution to Education. The school district is governed by an elected school board. The service areas have appointed advisory boards. The general government operations of the borough are currently carried out through a borough manager, attorney, clerk and seven department directors in the areas of emergency services, finance, planning and land use, public works, community development, information technology and capital projects. The borough has complete responsibility for the levy and collection of taxes supporting all of these entities, as well as providing administrative support for the service areas.

The following policies assist in the decision-making process of the Matanuska-Susitna Borough Assembly:

- Prudent budgeting and effective budgetary control
- Efficient safeguarding of borough assets
- Debt administration procedures that include the scheduling of bond payments spread over the life of the issue, producing a total debt service schedule that is manageable
- Maintenance of a sound investment policy of borough monies
- Striving to maintain the best possible rating on bonds

Encumbrance Accounting and Unspent Budget

Formal budgetary integration is employed as a management control device during the year for the areawide fund, special revenue funds and capital projects funds through the use of an encumbrance accounting system. Under this system, purchase orders, contracts and other forms of legal commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation. The objective of these controls is to ensure compliance with legal provisions embodied in the annual appropriated budget. At year end all encumbrances lapse with the exception of capital funds. The budgetary basis is the same as the Generally Accepted Accounting Principles (GAAP) basis, where encumbrances outstanding at year end in Capital Funds are not treated as expenditures but as reservations of fund balance.

Established Reserves and Targets

This budget follows the sound fiscal management policies adopted in prior years. This includes a reservation to establish a minimum \$25,000,000 fund balance. Additionally, policies previously adopted

have allowed for four other reservations. One is for a reserve account within the areawide fund to cover unanticipated expenditures resulting from natural or human caused disaster response expenses. The reserve can only be expended after the issuance of the formal declaration of emergency. Also within the areawide fund a reserve is allowed for one-time capital expenditures or site acquisition costs. The reserve can only be expended upon Assembly approval. Additionally, within the areawide fund is a reserve to construct and operate the Alaska LNG Project. The reserve can only be expended upon Assembly approval. Borough code allows for a reserve for major repair and renovation within the areawide Fund.

Annual contributions to the reserve cannot exceed \$1,000,000 and expenditures can only be for qualified projects as determined in accordance with Action Memorandum 04-042. Lastly, a reserve was established as part of the fiscal year 2022 budget for Future Governmental Shift.

This reserve sets aside revenues from the State of Alaska School Debt Reimbursement obligation that exceed current year appropriation for future shortfalls. This reserve can only be expended with assembly approval. In addition to designated, appropriated reservations, there may be reserves for major future equipment purchases or other items. These types of reserves significantly reduce the likelihood of the borough ever needing short-term debt to cover cash shortages.

Budget Adjustment Practices

Once the budget is adopted, departments are allowed to move funds between line items within their approved total. The overall budget can be amended during the fiscal year by ordinance through Assembly action. This could be done to accept and appropriate additional revenues not previously budgeted and related expenditures, appropriating from reserves, or appropriating fund balance for additional expenditures.

Internal Controls and Purchasing

Borough Management is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the borough are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. Authorization, through purchase orders, is required for the encumbrance and expenditure of funds. An encumbrance is the reservation of the funds necessary to pay for the purchase. The proper account must have

adequate appropriations available prior to approval of the purchase order. Formal bids are required for purchases exceeding \$25,000.

Use of Debt and the Legal Level of Debt

In accordance with Borough Code, 3.04.090(C), areawide general obligation bonds may only be issued if the principal amount of debt outstanding for areawide purposes after issuance does not exceed seven percent of the assessed valuation of the Borough for the current year. As of July 1 2022, our outstanding principal amount of general obligation debt for areawide purposes, Schools, Parks & Transportation, is \$219,460,000. Our certified assessed value as of January 1, 2022 was \$12,160,880,158. Based on the current certified roll, areawide general obligation debt is 1.80% of assessed valuation. This is well below the legal limit.

Under state statutes, a municipality may incur general obligation bond debt only after a bond authorization ordinance is approved by a majority vote at an election. Debt repayment is timed to correspond with expected cash inflows. In prior years, the State of Alaska reimbursed municipalities for expenditures incurred for school debt from 60 percent to 70 percent depending on whether the project has been reviewed (60 percent reimbursement) or approved (70 percent reimbursement) by the Department of Education and Early Development. Additionally, the State reimbursed debt on the Port's Debt Service at a current rate of 100% on a one-year lag. These were fully funded by the State for fiscal year 2023.

Investment Policy

The borough uses a central treasury whereby all cash of the general government, the school district, service areas and any other agency of the borough are accumulated and invested. This procedure not

only provides internal control but yields a higher rate of return on our investments because the amount available to invest is larger. The investment policy approved by the Assembly includes requirements for collateralization, diversification and safekeeping, as well as listing authorized investment instruments.

The main objectives of this policy are the safeguarding of principal, maintaining sufficient liquidity to meet the borough's cash flow requirements and striving to achieve the highest rate of return on borough investments and deposits, with due regard to the security of the investments and margins of risk. The borough's investment policy is to minimize credit and market risks while maintaining a competitive yield on its portfolio. The borough's cash is fully invested at all times and investments are safely kept either in trust departments or deposits are fully collateralized.

Debt Ratings

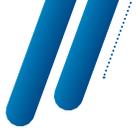

There are many elements taken into consideration by bond rating agencies when evaluating bond issues. One item looked at is the financial performance of the municipality or enterprise. The financial accounting and reporting of the borough is in accordance with methods prescribed by the Government Accounting Standards Board (GASB) and recommended practices of the Government Finance Officers Association of the United States and Canada (GFOA). This practice has the benefits of ensuring conformity with today's complex and ever-changing reporting regulations, and the safeguarding of borough assets, as well as presenting a fair statement of the borough's financial operations and position. A decrease in bond ratings would increase the cost of issuing bonds. Currently the borough's published credit ratings are as follows:

- Standard & Poor's AA+
- Fitch Rating Service AA

Fund Structure

The accounts of the borough are organized on the basis of funds and account groups, each of which is considered a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures, or expenses, as appropriate. The various funds are grouped into seven fund types and three broad fund categories.

Funds	Departments	Major Services Provided	Description
General Fund	<ul style="list-style-type: none"> • Non-Departmental • Assembly • Mayor • Information Technology • Finance • Community Development • Planning & Land Use • Public Works • Emergency Services 	<ul style="list-style-type: none"> • General Government • Public Works • Community Development • Public Safety 	Accounts for the financial and general operations of the borough.
Non-areawide Services	<ul style="list-style-type: none"> • Non Departmental • Assembly • Information Technology • Finance • Public Works • Community Development 	<ul style="list-style-type: none"> • Economic Development • Animal Care • Libraries (outside of Cities) 	Accounts for the non-areawide operations of the borough.
Enhanced 911	<ul style="list-style-type: none"> • Emergency Services 	<ul style="list-style-type: none"> • Public Safety 	Accounts for the enhancement and maintenance of the E-911 emergency reporting system.

Capital Project/Grant Funds	<ul style="list-style-type: none"> • Non-Departmental 	<ul style="list-style-type: none"> • Acquisition of capital assets • Construction, renewal, and renovation of major borough facilities 	Accounts for financial resources expended for acquisition of capital items including vehicles, ambulances, and recreational equipment. Capital improvements, renewal and renovation of borough buildings. Accounts for various grants.

Governmental Funds

General Fund: The general fund, more commonly known as the areawide fund, is the general operating fund of the borough. This fund accounts for all transactions not recorded in other funds and receives financial support from such sources as general property taxes, fees and intergovernmental revenues. Expenditures are authorized in the general budget and include such areas as mayor, assembly, administration, law, finance, assessment, emergency services, public works, planning and zoning and community services.

Special Revenue Funds: Special revenue funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes. Examples of these specific revenue sources include property taxes within a service area and state grants. Included in the special revenue funds are the non- areawide fund, Enhanced 911, land management fund, fire service areas, road service areas, special service areas and education operating.

Debt Service Fund: Debt Service Funds are used to account for the payment of principal and interest on general obligation debt incurred to finance school or recreation projects. Each bond issue is accounted for separately in the funds. A separate debt service fund has also been established for the Lease, Certificates of Participation for the Central Mat-Su Public Safety Buildings and the Animal Care Facility.

Capital Projects Funds: Capital projects funds account for financial resources used for the acquisition or construction of capital projects. This fund is also utilized to account for the renovation and renewal of existing facilities and roads as well as for grants or pass through funds to other entities.

Proprietary Funds

Enterprise Funds: The enterprise funds are used to account for the revenues earned from external fees, expenses incurred, and net income of activities for Solid Waste, and the Port. These funds are financed and operated in a manner similar to a private business enterprise where the intent of the borough assembly is that costs of providing goods or services to the general public be financed or recovered primarily through user charges.

Internal Service Funds: The borough's internal service funds (various insurance funds and revolving loan funds) are used to account for the financing of goods and services provided to other departments of the borough. The insurance funds provide for the property and casualty self- insurance, the health insurance self-insurance, the unemployment insurance self-insurance and the worker's compensation self-insurance requirements of the borough and are financed through interfund transfers. The revolving loan fund is used to finance capital acquisitions or construction in the service areas. This manner of financing major purchases or construction projects eliminates the substantial impact such purchases would otherwise have on annual operating budgets.

Fiduciary Funds

Agency Funds: The borough maintains two agency funds. One of the funds, the tax agency fund, is used to account for resources received by the borough as an agent for other governmental units. The borough is responsible for the collection and disbursement of taxes levied by the cities located within the borough. These cash receipts and disbursements are recorded in the tax fund. The other agency funds were established for recording the activities of the natural gas local improvement districts and road local improvement districts.

Major and Nonmajor Funds and Revenue Sources

Major Funds

Major funds are funds whose revenues, expenditures/expenses, assets, or liabilities (excluding extraordinary items) are at least 10 percent of corresponding totals for all governmental or enterprise funds and at least 5 percent of the aggregate amount for all governmental and enterprise funds. The Borough reported four major governmental funds and two major proprietary funds in its most recent completed independent audit.

Major Fund Descriptions

- The General Fund is the government’s primary operating fund. It accounts for all financial resources of the general government, except those required to be reported in another fund.
- The School Projects Capital Project Fund accounts for activities relating to the construction, renovation, and renewal of school facilities throughout the Borough.
- The School Buildings Debt Service Fund accounts for activities relating to the issuance and servicing of general obligation debt associated with school facilities.
- The Fronteras School Debt Service Fund accounts for activities relating to the servicing of a note payable to the U.S. Department of Agriculture and receipts of lease payments associated with the Fronteras Charter School.
- The Port Enterprise Fund accounts for activities relating to operations of the port.
- The Solid Waste Enterprise Fund accounts for activities relating to operations of the Borough’s sanitary landfill.

Assumptions:

- Mill Rate for Fiscal Years 2024-2026 projected at 9.0 mills
- 4% increase in assessed value/property taxes for FY2024
- 2.5% increase in assessed values/property taxes for FY2025-2026
- Education local funding remains at 6.3 mills
- Future Education Debt Service Reimbursement funded at ½ of 70% owed.

Project Analysis

The funding level for the State of Alaska school bond debt reimbursement program continues to have a drastic effect on budget development. In FY2023 the program was fully funded due to oil prices. However, it is anticipated this may not be the case in future years if prices fall.

The loss of State revenue is expected to continue. The analysis above projects 50% debt reimbursement revenue fiscal years 2024 through 2026. As shown above, the Assembly and Borough leadership will need to look at a combination of solutions including a decrease in services, other forms of local revenue, and an increase to the mill rate for the full amount of voter approved debt service.

Potential Increase to Revenue

Borough code section 3.04.076 sets the areawide tax cap at 10.50 mills. If the state of Alaska fails to provide match funds for bonds, mill rate increases to pay the borough's portion of voter approved bonds may be added to the respective areawide or nonareawide mill rate at any time during which the bond issuance is being repaid. The mill rate equivalents of voter approved bond debt and incremental revenues are shown in the table below. This assumes an areawide mill rate at the tax cap and 2.5% increase to assessed values.

	FY2024	FY2025	FY2026
Annual Debt Service - Voter Approved Bonds			
School Construction Bond - Unpaid State of Alaska portion	8,790,105	8,210,921	7,495,509
Mill Rate Equivalent - School Bond Debt	0.707	0.645	0.574
Parks and Recreation Bond	1,723,500	1,723,750	1,723,750
Mill Rate Equivalent - Parks and Recreation Bonds	0.139	0.135	0.116
Transportation System Bonds	3,223,656	3,224,947	3,222,224
Mill Rate Equivalent - Transportation System Bonds	0.259	0.253	0.247
Port Bond	708,750	-	-
Mill Rate Equivalent - Port Bond	0.057	-	-
Total Potential Increase to Revenues	14,446,011	13,159,618	12,441,483

Major Revenue Sources and Descriptions

Taxes

Tax revenue includes all real and personal property taxes, excise taxes, motor vehicle taxes and transient accommodation taxes billed and collected by the borough. Property taxes are determined by the Assembly approved mill rates and the certified assessed values. Motor vehicle taxes are based on the age and weight of the vehicle being registered. Both excise taxes and transient accommodation taxes are based on tobacco products sold and as room rental rates multiplied by the Assembly adopted tax rates.

Interest

Interest revenue includes all interest earned from investments. Investment income is based on current holdings and current market rates.

Fees

Fee revenue includes all of the various fees charged by the borough for services rendered. These include ambulance, ice arena, pool, animal care, water & sewer, solid waste, port, and general government fees. All fees are determined based upon utilization and the Assembly approved fee schedules. Fees rise very gradually every year to cover the increased costs of operations. Fees also rise with increased usage.

State

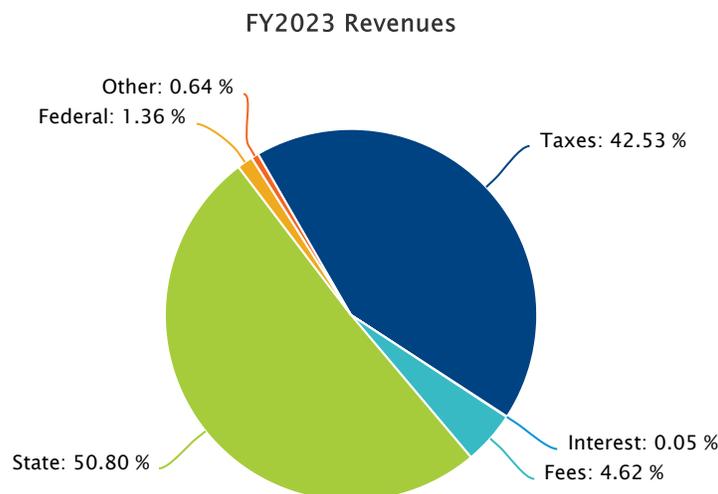

State revenue includes all funds provided by the State of Alaska to the borough. The largest sources in the past have been Education, followed by School Debt Service Reimbursement. The School Debt Service Reimbursement program has not been fully funded for the past two fiscal years. For Education, the State of Alaska School Foundation is the primary source of revenue.

Federal

Federal revenue includes all funds provided by the Federal Government to the borough. The major source is the annual Federal Payment in Lieu of Taxes (PILT). Federal funds for PILT are determined by acreage owned by the Federal Government within the boundaries of the Borough. The major sources of federal revenue for education are E-rate and Medicaid reimbursement.

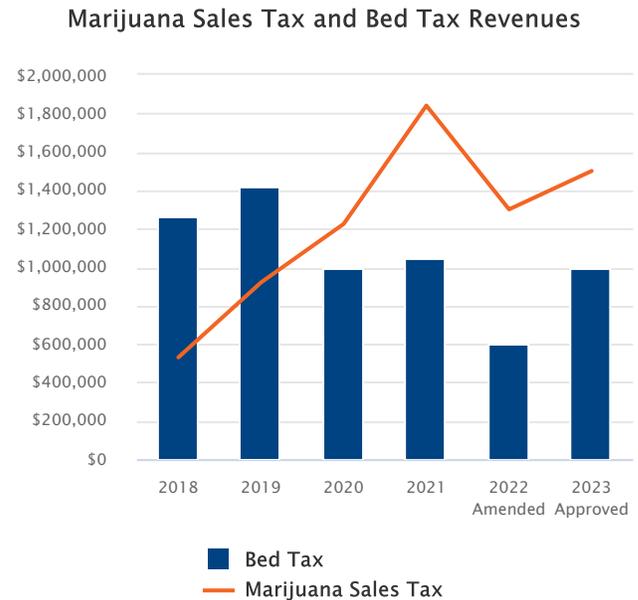

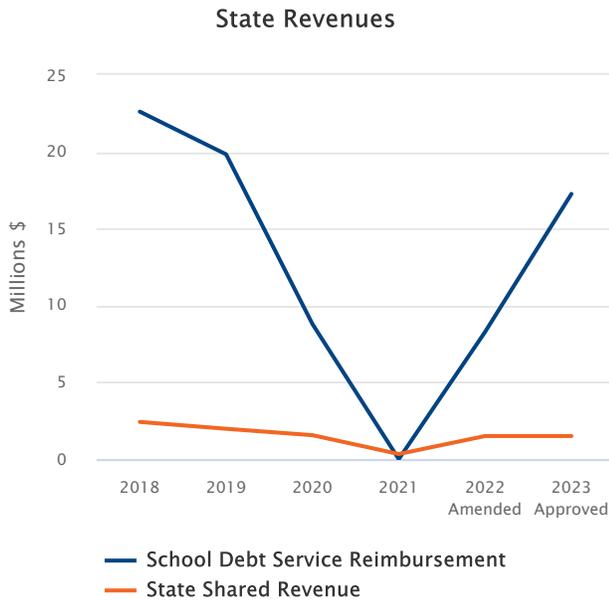

Other

Other revenue includes all miscellaneous revenues received by the borough. These include donations, land sales, land leases, sales of general fixed assets and fines. It is unknown exactly how much will be received in any given year.

FY2023 Revenue Sources

The largest revenue source in FY2023 is the State of Alaska. \$191 million is provided for education from the State of Alaska School Foundation. The State also provides \$1.7 million in state revenue sharing. Taxes make up the second largest source of revenue at 42%. These include real property, personal property excise, transient accommodation, and sales taxes.

School Bond Debt Reimbursement

The State of Alaska school debt service reimbursement program reimburses up to 70% of qualified construction bond debt. The program is funded in FY2023. FY2021 saw no funding and FY2022 partial funding of \$8 million.

State Revenue Sharing has increased from \$330,127 in FY2021 to \$1.5 million in FY2022.

Sales Tax Revenues

Property taxes provide the largest source of tax revenue to the borough. The second largest source is in the form of tobacco excise taxes, providing a budgeted \$8.5 million in revenue in FY2023. Marijuana sales taxes, which the borough began to collect in 2017, have grown exponentially. Marijuana Tax Revenue is budgeted at \$1.5 million in FY2023.

Bed tax revenues have also grown in recent years, providing \$1.05 million in FY2021.

Personnel Full-time Equivalent (FTE)

Personnel Overview

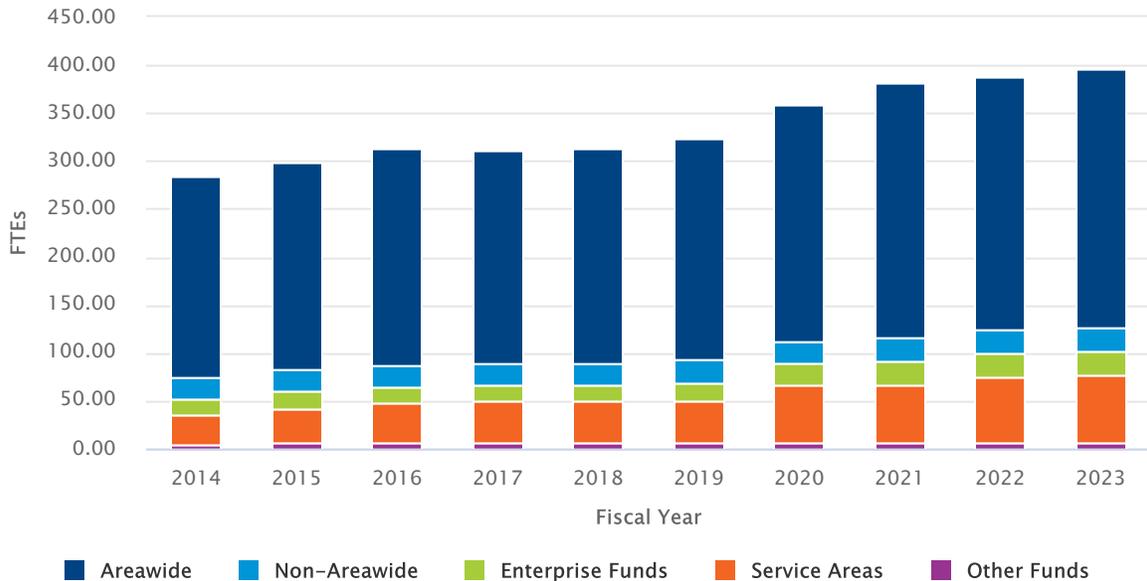

Changes to the Personnel Budget

The FY 2023 Approved Budget totals 396.63 full-time equivalent positions. This includes the addition of 5 new full-time positions within Emergency Services, Solid Waste, Community Development and the Clerk’s office. Other changes include the conversion of existing positions to better meet department needs.

Matanuska-Susitna Borough Personnel

The Mat-Su Borough currently has a total of 388.65 FTE (Full-Time Equivalent) positions. Using the most recent population figures available, the Matanuska-Susitna Borough has one employee for every 279 residents, a more efficient ratio than any other Municipality in the State. The Figure below shows the historical FTEs by major fund category.

Mat-Su Borough Employees (FTEs) – 10 Years

Total	\$13,532,648,440	\$119,946,600	\$11,735,500	\$2,629,400	\$105,581,700

311.000

General Property Taxes

311.100	Real Property	\$105,807,500
311.102	Real Property-Delinquent	2,200,000
311.200	Personal Property	544,600
311.202	Personal Property-Delinq	-

Penalty and Interest on Delinquent Taxes: State statutes require penalty and interest charges on delinquent taxes. The rates are as follows:

Penalty on Delinquent Accounts:

1-30 days delinquent	5% of tax due
31-60 days delinquent	10% of tax due
Over 61 days	15% of tax due

Interest:

Simple interest at 2% above prime

Collection of penalty and interest charges in fiscal year 2023 is estimated at \$1,000,000.

311.500

Vehicle Tax/State Collected: The State Department of Motor Vehicles collects registration tax at time of registration. Receipts are allocated to Road Service Areas according to Borough Code. Remaining funds, estimated at \$598,030, are to provide funding for bridge and railroad crossing major maintenance and repair, 50% match RSA Construction and 50% match Dust Control.

313.100

Marijuana Sales Tax

The Matanuska-Susitna Borough collects a 5% sales tax on all retail sales of marijuana and marijuana products. Receipts of \$1,840,000 are estimated for fiscal year 2023.

315.000

Excise Tax

315 100

Tobacco Excise Tax: A tax is collected on any cigarettes or tobacco products acquired within or brought into the borough. Receipts of \$8,990,000 are estimated for fiscal year 2023.

315 200

Excise License: A license is required to purchase cigarettes or any other tobacco products within the borough.

Fund 100 - Areawide Revenue Commentary

<u>333.000</u>	<u>Federal Payments</u>	
333 000		Federal payment-in-lieu-of-taxes is computed on approximately 1,910,000 acres of federal land within the borough, times a dollar amount per acre, modified by a maximum revenue allowed per capita. Payment of this revenue is subject to an annual federal appropriation but is estimated at \$3,500,000 for fiscal year 2023.
<u>335.000</u>	<u>State Revenue</u>	
335 350		State shared revenues in the amount of \$1,500,000 are projected for fiscal year 2023.
<u>337.000</u>	<u>Other State Revenue</u>	
337 800		State Pers Relief: The State of Alaska provides relief for PERS to the Borough, the fiscal year 2023 amount is estimated at \$1,000,000.
<u>338.000</u>	<u>Pilot</u>	
338 100		Payment in lieu of taxes from miscellaneous sources is estimated to be \$8,500 in fiscal year 2023.
<u>341.000</u>	<u>General Government</u>	
341 xxx		These accounts include fees collected for rental of the borough gym, plan specifications, utility permit fees, other permit fees, NSF and attorney fees, zoning and subdivision fees, foreclosure fees, computer report fees, Clerk's office fees, LID fees, business license fees, real estate transfer fees and other miscellaneous fees. The total fees are estimated to be \$963,800 for fiscal year 2023.
<u>342.000</u>	<u>Emergency Services</u>	
342 xxx		\$4,001,000 is estimated as revenue to be collected from ambulance fees and other miscellaneous EMS fees during fiscal year 2023.
<u>343.000</u>	<u>Parks & Recreation Fees</u>	
343 xxx		During fiscal year 2023 \$230,000 is projected to be collected in fees from Matanuska River Park, Government Peak Recreation Area, Trailhead Parking, and from other park related fees.
<u>246.000</u>	<u>Ice Arena Fees</u>	
		Ice arena fees include rentals, concessions, skating, lessons, and other fees. \$410,000 is estimated to be generated from the ice arena operation.
<u>347.000</u>	<u>Community Pools</u>	
		Estimated revenues of \$400,000 from concessions, swimming, lessons, and other related fees are expected to be generated from the pool operations.
<u>348.000</u>	<u>Transient Accommodations Tax</u>	
		It is estimated that \$1,000,000 will be received in fiscal year 2023 from bed taxes. Additionally, \$4,000 in late payment penalties are expected to be received.
<u>361.000</u>	<u>Interest Earnings</u>	
		Interest earned from investments is estimated at \$150,000.
<u>367.000</u>	<u>Transfer From Other Funds</u>	
		Transfers to the areawide fund will total \$13,022,357. This represents interest paid on revolving loans and capital project transfers.
<u>368.000</u>	<u>Recovery of Wages, Fringes, Maintenance and Other Expenses</u>	
		It is estimated that the general fund will recover a total of \$1,173,413 from these sources.
<u>3xx.xxx</u>	<u>Other Revenue</u>	
		Other miscellaneous revenues expected in fiscal year 2023 are projected to equal \$50,000.

Department of Information Technology

Notes:

- 1) FTE – Full-time equipment positions currently approved within the operating budget.
- 2) Refer to the Appendix for a full of 2023 approved positions.

Department Mission

The Mat-Su Borough Information Technology Department will be recognized as a high performance team that is collaborative, efficient, affordable, responsive, sustainable, process driven, trusted, industry leading, and innovative in our support of the Mat-Su community.

Overview

The Mat-Su Borough Information Technology Department provides up-to-date, secure, reliable, responsive, and affordable IT solutions to all Borough Departments as we support the Matanuska-Susitna Community.

The Information Technology Department, in collaboration with Borough departments and divisions, supports the business functions of the Borough by:

- Providing computer access, telephone and internet services, and technical training to employees.
- Investing in information technology infrastructure and software.
- Ensuring critical systems are functional in the event of a catastrophic event.
- The Information Technology Department comprises four functional groups: Business Integration, Geographic Information Services, Service Desk and Technology Infrastructure.

Goals: Long-term & Short-term

- Smart Communities
 - Opt-In Public Notifications
 - Support Cities
- All permits online
- Financial system improvements
- Process automation
- eCommerce improvements
- EOC/COP: improvements, operationalize
- Ongoing imagery: Aerial and Oblique
- Develop/improve hub sites, dashboards, customer surveys/feedback and transparency
- Modernize web site software
- Parcel viewer rebuild
- GIS System upgrade
- Exchange email to cloud
- myProperty website improvements
- Enhanced cyber security

Accomplishments

- Problem reporter: roads and animal care
- Customer satisfaction survey
- Aerial Imagery / Oblique / LiDAR
- EOC Common Operating Picture (COP)
- KPI Dashboards
- eCommerce Improvements
- PureSafety replacement
- HR / Payroll process improvement
- Assembly Chambers AV Improvements
- Ice Rink scheduling software
- Rec Services payment Kiosk

Department of Finance

Notes:

- 1) Director of Finance & Department Admin Specialist are within the Finance Administration division.
- 2) Full-time Equivalent (FTE).
- 3) Refer to the Appendix for a full listing of 2023 proposed positions.

Department Mission

Our mission is to provide timely, accurate, clear and complete financial information, property assessment and support to other borough departments, citizens and the community at large utilizing best practices and ensuring compliance with Borough, State and Federal Laws.

Overview

The Finance Department has 51 employees. The department is responsible for the assessment of properties, maintenance of records and associated levy and collection of taxes, preparation and implementation of the annual budget and other appropriations, central treasury, fixed assets, accounting functions, and fiscal activities. The department interacts extensively with other divisions and departments as well as the general public and other agencies.

The Finance Department is responsible for the assessment, levy and collections of taxes. This affects not only the general fund but also the non-areawide fund, the cities and the various service areas. Finance is also responsible for the filing of the State Shared Revenue application, Safe Communities resolution and the annual request for debt service reimbursement on school construction general obligation bonds. The Finance Department prepares the billings for the numerous grants the borough receives. Again, this revenue affects several funds. Also allocated to numerous funds, including the general fund, is the earnings received on the investments of the central treasury.

Certain functions or services performed by the Finance Department are rendered on behalf of other departments and divisions in other funds. In order to cover these costs, there is an annual interfund transfer from the affected funds to the general fund. Additionally, certain services are provided for those external to the organization. In those cases, an administrative fee may be charged to recoup some of the costs.

Goals: Long-term & Short-term

- Government Finance Officers Association Certificate for Comprehensive Financial Reporting, Distinguished Budget Award, and Popular Annual Financial Reporting Award
- State Redistricting/Borough reapportionment
- Complete Property Assessed Clean Energy Program implementation
- Annual State Assessment Review
- Funding for transportation projects
- Refinance existing bonds to reduce long term interest on debt as opportunities arise
- Reduce commercial insurance premiums in a hardened market
- Utilize Gravity Software to produce Annual Financial Statements and Popular Annual Report
- Develop formal budget monitoring procedures and implement with borough staff
- Obtain Risk Management Software to streamline property insurance schedules, manage insurance certificates and third party claims
- Review and adjust residential models within the CAMA system
- Complete implementation of assessment mobile technology
- Continue to restructure of divisions for better workflow

Accomplishments

- Implement new Local Improvement District (LID) Program
- Annual Financial Audit completed with no findings
- Received Government Finance Officers Association Distinguished Budget Presentation Award, Award for Excellence in Financial Reporting & Popular Annual Financial Reporting Award
- Successful commercial insurance renewal in a hardened market
- Effectively managed all aspects of CARES spending
- Maintained regular workflows for AP and Payroll in spite of continued COVID impacts
- Accounting recruited and trained new staff for 4 key positions (Financial Coordinator, Accountant, AP Supervisor, and Assistant Comptroller.)
- Implemented Gravity Software to improve Annual Comprehensive Financial Report, Budget and overall financial transparency
- Successful annual review by State Assessors Office
- Added 560 new homes, 44 multifamily and 32 commercial structures to the assessment roll
- Assessment notices went out on time while training new appraisers and battling COVID absences
- Assessment clerical staff managed increases in acquisition questionnaires, deed transfers, acreage adjustments to new parcels

Department of Planning

Notes:

- 1) FTE – Full-time equivalent positions currently proposed within the operating budget.
- 2) Refer to the Appendix for a full listing of 2023 proposed positions.

Department Mission

The mission of the MSB Planning Department is to guide and manage land uses in order to protect the quality of life, health, and safety of Borough residents.

Overview

The Planning department is responsible for a range of services including platting, permitting, code enforcement, and long range planning.

The Platting Division oversees the subdivision of land within the Matanuska-Susitna Borough. Division staff assists the public in understanding and complying with the subdivision requirements specified by state and borough regulations. This involves the review of proposals to subdivide land; dedicate public use easements; and vacate public rights-of-way. Staff works with the State Recorders Office to facilitate recording of subdivision plats and resolutions. They provide copies of recorded subdivision plats and file information to the public upon request. In addition, the division is responsible for contract administration for the survey of Borough Municipal Entitled Lands.

The Development Services Division provides assistance and information for our community's development needs. We assist the public in determining permitting needs for a variety of Borough development activities. We manage Borough rights-of-way by processing driveway, utility, encroachment, and construction permits. We also assist in mitigating land use conflicts through public engagement, development of legislation, code compliance services, and processing land use permits.

The Planning Division is responsible for developing long range land use plans that guide how land in the borough is developed and/or conserved for the benefit of residents and businesses. The Planning Division develops plans and performs studies to accommodate growth in the Mat-Su. The types of plans include road infrastructure and transportation, public facilities, drinking water quality, surface and storm water, agriculture, fish and wildlife habitat, comprehensive community plans, and historic preservation. The division works in collaboration with citizens,

community councils, Tribal Governments, incorporated cities, agency partners, Non-profits, the business sector, appointed advisory boards, the planning commission, and the assembly to develop plans and have them adopted into code. Once adopted, the long-range plans become a tool that offers guidelines for land use regulations and MSB code.

Goals: Long-term & Short-term

- Urbanize area corridor studies
- Initiate implementation of Storm Water Management Program
- Submit Pre-MS4 permit
- Bike and Pedestrian plan
- Air quality alert automation
- Coordinated human services plan update
- Title 43 update
- Public transit plan
- Public facilities plan
- MPO formation by the Governor
- Core Area comp plan amendment
- Beverly Lake Management plan
- Historic preservation plan
- Official streets and highways plan update
- Subdivision construction manual update
- 2035 Long Range Transportation Plan Update
- Land Use Permit
- Moving/Scanning all Historical/Cultural Resource Documents into Content Manager

Accomplishments

- PFD Garnishments
- Online utility permitting
- Arctic Winter Games host society formed and general manager hired
- Safe routes to schools mapped - 14
- Planner platform eNewsletter
- MSB Code development
- C-PACE Program
- Capital improvement plan redevelopment
- Consolidated transit dispatch funded
- Coordination of school site selection for three schools
- Pre-MPO policy board committee formation
- Land use viewer

Department of Public Works

Notes:

- 1) FTE – Full-time equivalent positions currently approved within the operating budget.
- 2) Information presented in this section is limited to Areawide divisions of Public Works, see Road Service Areas and Solid Waste for additional Public Works budget information.
- 3) Refer to the Appendix for a full listing of 2023 Proposed positions.

Department Mission

The mission of the Public Works Department is to provide safe and efficient operation and maintenance of Borough roads, vehicles and facilities as well as cost effective and safe operation of Borough utilities including solid waste disposal, water treatment, wastewater treatment and flood control services.

Overview

The MSB Public Works Department provides high quality road, vehicle and facility maintenance, solid waste disposal, recycling services, treated water distribution plus wastewater collection and treatment. The Department is committed to responsiveness, reliability, good stewardship of public funds and compassionately meeting the needs of residents and employees.

Goals: Long-term & Short-term

- Complete preventative maintenance efficiently to extend the useful life of Borough assets
- Install back-up power generation for Talkeetna Sewer and Water
- Improve automated monitoring of critical back-up power systems
- Execute projects efficiently and to the maximum benefit of residents
- Continue to develop the DSJ gym repair project
- Prepare and initiate projects for Arctic Winter Games
- All contractors will be using the Problem Reporter application
- 2021 Transportation Infrastructure Package
 - Continue design and construction
- Construct Caswell Paving and TrunkStringfield Connector
- Road Service Area projects – Complete 20 improvement projects
- Initiate design on all new RIP list
- Finish Houston High School construction
- Complete repairs and improvement projects at Port MacKenzie
- Begin construction on EMS Station 3-9
- Begin construction on Mat-Su Central School
- Begin construction on Gateway Visitor Center
- Install new gas wells at Central Landfill to improve gas collection
- Work with IT and Waste Works to pilot integrating new ticketing to shorten lines

Accomplishments

- 564 facilities scheduled services; 662 facilities unscheduled repairs
- Problem reporter started June 1, 2021 - 649 requests in less than 9 months
- Completed engineering approval of 30 subdivisions encompassing 11.9 miles of new roads
- Produced 14 Request for Proposals (RFPs) for the 2021 Transportation Infrastructure Package projects
- Certified 7.9 miles of roads constructed in 23 subdivisions, 5.8 miles paved and 2.1 miles gravel
- Completed Iditarod Trail Underpass at Burma Road
- Completed Lake Louise Boat Launch and Parking upgrade including paving
- Began Houston High School construction
- Initial energy and seismic assessments for Borough buildings
- Reduced Central Landfill water sampling frequency requirements – saving \$62,000 annually beginning in FY23

Department of Emergency Services

Notes:

- 1) FTE – Full-time equivalent positions currently approved within the operating budget.
- 2) Personnel data presented in this section is limited to the Areawide divisions of EMS.
- 3) Refer to the Appendix for a full listing of 2023 proposed positions.

Department Mission

Our mission is to protect and preserve the lives and property of the people of the Mat-Su Borough employing state of the art firefighting, rescue, emergency medical and incident management competencies. Mat-Su Borough Emergency Services providers enjoy an unparalleled level of mission success and respect by the communities they serve.

Overview

The Mat-Su Borough Department of Emergency Services (DES) is charged with the protection of lives and property. The administrative staff is employed to help support all emergency services personnel in this critical service to our community. The Department of Emergency Services is comprised of fire protection and emergency medical services; water, technical, off-road, and hazmat rescue services; emergency management and community preparedness programs; Enhanced 911 services; and emergency vehicle maintenance.

Many say that being an EMT or firefighter isn't a choice, it's a calling. The Matanuska-Susitna Borough has some of the most dedicated responders in the state. They are available for EMS, fire, technical and water rescue calls. The Department of Emergency Services' paramedics, rescue technicians and firefighters are on-call paid staff. These dedicated men and women train and respond during their free time, juggling family events and scheduled sleep to aid a stranger in need.

Goals: Long-term & Short-term

Fire/Rescue

- Improve responder health and safety. Decrease injury rates and increase access to preventative health care, physicals, and mental health support.
- Continue improving fire-rescue department interoperability by implementing standardized operating guidelines, equipment and purchasing.
- Decrease civilian fire deaths through additional public safety messaging and initiatives.
- Continue efforts to modernize our fleet and facilities. Adding living quarters is critical to reducing response times.
- Aggressive recruitment and retention of both on-call and full time responders. Implement a Youth FF Program in partnership with the MSD.
- Hire a Rescue Operations Chief to aid in development of a Borough wide response plan and training for technical rescues.
- Hire a Fire Chief for the Butte FSA.

EMS

- Develop data streams; refine sources for accuracy and consistency. Identify benchmarks, key performance indicators and ongoing improvement projects.
- Implement "FirstWatch," data-tracking program. Develop real time dashboards for specific response and QA/QI Measures.
- Implement "Agency360" for accurate employee tracking and internship development.
- Improve revenue streams by refining logistics, decreasing costs and evaluating efficiency of billing practices.
- Increase response capacity by adjusting deployment model to accommodate population shifts and increase in call volume.
- Support response metrics by increasing personnel to assure adequate area coverage and maintain regular surge capacity. (Operations Par)
- Implementation of location-based dispatch in an effort to reduce response times and more efficiently deploy resources.
- Strengthen the infrastructure of the agency to support the limited resources available and improve retention.
- FTEP – Field Training Employee Program
- Peer Support Program
- ST 79 renovation, ST 39 design completion.

- Increase community support by offering education and resources where able.
- Teach the “Stop the Bleed” program to the MSBSD.
- CPR as graduation requirement in the MSBSD.
- Improve emergency response efforts to super-rural areas of the MSB. Collaborate with the CERT program to develop a community first response program for low resource population centers.
- 100% National Registry for both EMTs and Paramedics.

Emergency Management

- Continue to offer adequate training and exercises to borough staff, and partnering agencies to operate in an EOC environment
- Installation of Montana Mountain Tower
- Grubstake generator replacement
- Call center staff to be identified and trained
- 2022 Preparedness Expo to occur in person
- Closeout of COVID 19 Disaster with State and FEMA

Accomplishments

Fire/Rescue

- Fire / Rescue responded to over 3800 calls in 2021 representing an increase of roughly 13%. Three lifesaving rescues from a structure fire.
- Consistent fire and rescue responses without interruption through the worst times of the COVID Pandemic. No cluster outbreaks jeopardizing responses.
- Supported Public Fire Safety through programs that installed smoke detectors, CO detectors, address signs and performed Fire Wise assessments to residents.
- Continued development and implementation of standardized operating guidelines to improve interoperability and consistent responses to incidents.
- Modernization of our fire apparatus fleet by purchasing and placing in service new equipment. Focusing on vehicles over 30 years old.
- Addition and filling full time fire-rescue employees to augment our on-call responder staff in Greater Palmer, Willow-Caswell and Central Mat-Su.
- Completed CIP and capital improvements to enhance response capabilities, including phase I of a needed rescue equipment modernization.
- As equipment is replaced its condition is evaluated and if warranted apparatus is redistributed to areas of need. Examples include a snozzle to Talkeetna and a tender to Sutton.

EMS

- EMS responded to 11,090 calls in 2021, a 12% increase from the year before.
- CARES registry reports 27% of cardiac arrests in the MSB in 2021 had sustained ROSC (return of spontaneous circulation), with 13% surviving to discharge with little to no deficit. This is exceptional for a rural service.
- COVID Response:
 - Early adoption of mitigation helped prevent clustered outbreaks and maintain adequate operations despite events such as the Delta and Omicron surges and an overall 20% increase in call volume and workload.
 - Maintained adequate PPE for all responses, up to and including PAPR units for personnel.
- Implementation of updated Trauma Activation Guidelines.
- Active recruitment, approval of an additional 16 full-time positions.
- Hiring and implementation of EMS Captains (4).

Emergency Management

- Quarterly EOC Exercises
- 2018 Earthquake projects mostly completed or all underway
- 2022 Windstorm response completed. State and FEMA paperwork underway
- EOC training and exercises continue
- EOC call center activation, staffing and utilization
- Radio reprogramming and renaming of assets
- EM Staff delivered first My Preparedness Initiative to our youth
- COOP planning and updates
- Successful 2021 Preparedness Expo delivered in person

Department of Community Development

Notes:

- 1) FTE – Full-time equivalent positions currently proposed within the operating budget.
- 2) Information presented in this section is limited to the Areawide divisions of Community Development. Refer to section C. Nonareawide services for details on other divisions.
- 3) Refer to the Appendix for a full listing of 2023 approved positions.

Department Mission

The MSB Community Development Department will be a highly responsive resource for Borough citizens, Assembly, Administration and other Borough departments while providing solid stewardship of public land and resources as well as high quality recreational opportunities and library services for all Borough residents. The department encompasses two distinct divisions; Land and Resource Management, and Parks, Recreation and Library Services.

Overview

The Land and Resources Management Division provides a nexus for economic development while responsibly managing the Borough’s land, resources and assets. The Recreation and Library Services Division creates Community through People, Parks, Trails, Facilities, Programs and Opportunities. The Mat Su Borough encompasses 16,165,120 acres of land area, with 308,112 acres owned and managed by the Borough for a multitude of purposes. These include resource management of forests, agricultural lands, and material resources such as gravel.

Through the State of Alaska Municipal Entitlement Program, selected State-owned properties are conveyed from the State of Alaska to the Borough as Municipal Entitlement Lands. This effectively increases the borough’s land base. Borough land generates revenue through land sales, leases, permitted uses as well as resource sales. Tax foreclosed properties are sold to recoup taxes owed to the Borough and put the properties back on the tax roll. In addition to

offering land for sale through different programs, Land Management permits a variety of uses on borough-owned land, such as sites for tourism activities, float plane tie-downs, industrial and commercial staging areas, campsites, and access to remote cabins. The division also acquires land for public purposes like fire stations and schools.

Parks, Recreation and Library Services provides indoor and outdoor recreational opportunities, programs, services, and facilities to enrich the lives of the Mat-Su residents and visitors. The division is responsible for the management and maintenance of recreational trails and public use lands such as parks, greenbelts, and public facilities. Recreation opportunities include the Wasilla and Palmer Pools, the Brett Memorial Ice Arena, Matanuska River Park/Campground, the Jim Creek Campground, the Talkeetna Campground, and hundreds of miles of trails for all users. The Division also operates five public libraries located in the communities of Big Lake, Sutton, Talkeetna, Trapper Creek, and Willow. Library Services continue to enrich and help with the education of Mat-Su residents and visitors. In addition, the Community Enrichment Program offers classes and activities for all age groups in various communities.

Goals: Long-term & Short-term

- Continue progress with hazard tree & wildfire risk reduction
- Coordination with DNR towards approval of Jonesville Plan
- Meadow Lakes gravel development project
- Coordination with City of Palmer on aviation easement / Mat River Park
- Continue to develop new opportunities for public firewood
- Continue efforts to engage with the local timber industry to accommodate industry needs
- Land Sales

Accomplishments

- Streamlined timber sale process – seeing considerable increase in small timber sales.
- Meadow Lakes gravel project ready to roll – out to bid in April / May 2022 pending approval.
- Jonesville Master Plan complete. Thanks to assistance from Mayor, DNR is showing interest in the plan.
- Youth Shooting Range – Significant progress, will present to the Assembly April 2022.
- Post wind event recovery of trails and parks.
- Saw Crew hazard tree and mitigation – completed work @ Houston Jr/Sr. Cottonwood Creek Elementary, Alcantra / Larson Elementary, Crevasse Moraine, Jim Creek Rec Area, Lazy Mountain Rec Area, Mat River Park, and other Borough Trails.
- 2021 Land Sales – put over \$1 million in property back on the tax rolls.
- Kept Parks and Recreation facilities open to the public through the pandemic.
- New Willow Library completed and open to the public.

311.000

General Property Taxes

311.100	Real Property Taxes-Current	\$3,864,700
311.102	Real Property Taxes-Delinquent	115,000
311.200	Personal Property Taxes-Current	5,400
311.400	Penalty and Interest on Delinquent Taxes: State statutes require penalty and interest charges on delinquent taxes. The rates are as follows:	
	<u>Penalty on Delinquent Accounts:</u>	
	1-30 days delinquent	5% of tax due
	31-60 days delinquent	10% of tax due
	Over 61 days	15% of tax due
	<u>Interest:</u>	Simple interest at 2% above prime

Collection of penalty and interest charges in fiscal year 2023 is estimated at \$40,000.

334.000

State Grants

334.400 Library: Each library will receive a state library assistance grant. The estimated total receipt is \$35,000.

336.000

State Pilot

336.100 Utility Cooperatives Tax: This revenue, a return from the State of Alaska of taxes collected on the telephone cooperative's gross revenues and tax on the electric cooperative's consumption as payments-in-lieu-of-property tax, is estimated at \$720,000.

341.000

General Government

341.900	Miscellaneous Fees: Revenue from miscellaneous fees is estimated at \$100.
341.935	Library Fees and Fines: Estimated revenue from library fees and fines is \$15,000.
341.960	Animal Care Fines: \$200,000 is estimated for animal care fines. During fiscal year 2022 the various revenue accounts were consolidated.

345.000

Animal Care Fees

345.100 Animal Care Wasilla: Estimated revenue from the City of Wasilla generated by Animal Care fees for services provided within the city limits is estimated at \$20,000.

**Fund 200 - Non-Areawide
Revenue Commentary**

345.200	<u>Animal Care Palmer</u>	Estimated revenue from the City of Palmer generated by Animal Care fees for services provided within the city limits is estimated at \$20,000.
<u>361.100</u>	<u>Interest Income</u>	Earnings from cash on hand in the central treasury attributable to the Non-Areawide Fund is estimated at \$1,000.
<u>369.900</u>	<u>Other Revenue</u>	Other miscellaneous revenues expected in fiscal year 2023 are projected to equal \$20,000.

- 249 Transportation System

Summarization of Debt Capacity, Debt Levels, and the Effects on the Operating Budget

Regarding debt capacity, in accordance with Borough Code, 3.04.090(C), areawide general obligation bonds may only be issued if the principal amount of debt outstanding for areawide purposes after issuance does not exceed seven percent of the assessed valuation of the Borough for the current year. As of July 1, 2022, the outstanding principal amount of general obligation debt for areawide purposes, Schools, Parks & Recreation and Transportation is \$219,460,000. Our certified assessed value as of January 1, 2022 was \$13,479,327,934. Areawide general obligation debt as of January 1, 2022 is 1.62% of assessed valuation. Our legal capacity is \$943,552,955. We are well below our legal limit.

Our debt levels as of July 1, 2022 for general obligation bonds are as follows:

General Obligation Bonds	
School Construction	\$180,955,000
Parks and Recreation	17,420,000
Transportation Systems	21,085,000
Total General Obligation Bond Debt	\$219,460,000

With regards to Lease, Certificates of Participation (COP's) the amount outstanding as of July 1, 2022 is as follows.

Certificates of Participation (COP's)	
Public Safety Building Station 5-1	\$4,620,000
Public Safety Building Station 6-2	3,540,000
Public Safety Building Station 7-3	4,010,000
Animal Care Facility	\$520,000

USDA Fronteras Charter School

During Fiscal Year 2016, the Borough incurred a loan through USDA. This was done on behalf of Fronteras Charter School. The Charter Schools and the School District cannot incur debt. Basically the Charter School will pay a lease payment to a trustee who in turn will pay the Debt Service. The amount outstanding as of July 1, 2022 is as follows.

Fronteras Charter School	\$6,130,694
--------------------------	-------------

The fiscal impact of ongoing maintenance, insurance, repairs, etc. will be borne by Fronteras Charter School. The Matanuska-Susitna Borough School District allocates funds to Charter Schools on a set amount per pupil.

School Construction and Renovations

For School Construction and the renovations of School Facilities, the fiscal impact on the operating budget is borne by the School District. They pay all maintenance, insurance, repairs, etc. for any new school buildings constructed and/or renovated.

Parks & Recreation Bonds

For the Parks and Recreation projects, the fiscal impact of the ongoing maintenance, insurance, repairs, etc. is borne by the Areawide (General) Fund, and paid from the Community Development Department.

Transportation System Debt Service

With regards to the fiscal impact of the Transportation Systems such as ongoing maintenance, repairs, etc. is borne by the Road Service Area in which the Transportation System is located.

Station 5-1 Debt Service

For the Public Safety Building, Station 5-1, the fiscal impact of the ongoing maintenance, insurance, repairs, etc. is paid 46% by Central Mat-Su Fire Service Area and 54% by the Areawide Fund, Ambulance Division.

Station 6-2 Debt Service

For the Public Safety Building, Station 6-2, the fiscal impact of the ongoing maintenance, insurance, repairs, etc. is paid by the Central Mat-Su Fire Service Area.

Station 7-3

For the Public Safety Building, Station 7-3, the fiscal impact of the ongoing maintenance, insurance, repairs, etc. is paid 100% by West Lakes Fire Service Area.

Animal Care Debt Service

For the Animal Care Facility, the fiscal impact of the ongoing maintenance, insurance, repairs, etc. is paid by the Nonareawide Fund, Animal Care Division.

General Obligation Bond Debt to Maturity

AREAWIDE – APPROVED CAPITAL IMPROVEMENT PLAN DETAIL

DSJ FLOORING REPAIR AND REPLACEMENT

Administration - DSJ Building

Type New Project
Category Improvement
Department Public Works

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 250,000	\$ 250,000	\$ -	\$ -

This project includes several different areas and types that will be more efficient and cost effective to combine as one project. The handicap entrance area to the gym is cracked and peeling off the floor base already causing a safety issue which will continue to get worse and looks very rundown. The gym floor needs to be repaired or replaced, the rubber tiles are cracked, and holes are forming over the entire floor. The main entryway carpet never comes clean because it is saturated with sand and salt and needs to be replaced with an indoor/outdoor carpet.

FACILITY ENERGY SAVING IMPROVEMENTS AW

Administration - DSJ Building

Type Continuous
Category Improvement
Department Public Works

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 50,000	\$ 50,000	\$ 50,000	\$ -

This project will facilitate energy saving improvements within Borough buildings.

AMBULANCE REPLACEMENT/REMOUNT AND REFURBISHMENT (TWO)

Areawide Ambulance Division

Type Replacement
Category Equipment
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 335,000	\$ 335,000	\$ 335,000	\$ -

A conservatively based industry standard for ambulance replacement suggests the following guidelines: Ambulances greater than 5 years old, or Ambulances with greater than 130,000 miles, or Poor maintenance history. With an effective fleet rotation and preventative maintenance schedule, we expect to realize longer service life and greatly reduced maintenance costs to maintain our fleet. In order to ensure a healthy fleet and continue to realize the benefits of a properly maintained fleet, this year's request is for two remounts.

MEDICAL RESPONSE KITS FOR FIRE AND RESCUE APPARATUS

Areawide Ambulance Division

Type New Project
Category Equipment
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 75,000	\$ 75,000	\$ -	\$ -

Medical responses currently account for over 60% of DES Fire Departments' total run volume and these calls have increased each year. DES is working to better cross train and equip fire and rescue responders for medical emergencies. This project will allow for placing a comprehensive medical response bag on most fire and rescue initial response vehicles. This is necessary for fire and rescue to continue the increased response and expectations of the public.

NEW COMMAND VEHICLES (TWO)

Areawide Ambulance Division

Type New Project
Category Equipment
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 120,000	\$ 120,000	\$ -	\$ -

EMS, by the nature of our response area and mission, are on the road constantly. Currently seven of our support/command vehicles have in excess of 100,000 miles. Of those, two have greater than 150,000 and four are over 115,000 miles. Due to delays in the supply chains, we have not been able to maintain our regular replacement schedule, and our in-service support vehicles are accruing significant mileage. We are utilizing these vehicles for emergency response to ill or injured patients and in a support role of that mission in all areas of the Borough. This project will include all related equipment as needed for their role such as radios, lighting, decals, narcotic maintenance systems, moose guards, etc.

REMODEL AMBULANCE STATION 7-9

Areawide Ambulance Division

Type New Project
Category Improvement
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 75,000	\$ 75,000	\$ -	\$ -

Station 7-9 is in poor material condition and its design is not compatible with the current needs of the agency. The marked increase of call volume has resulted in the operational deployment of a second full-time crew at the station. The station needs material improvements and renovations to its design to adequately support the housing needs of the crews. Renovating the living quarters and improving the station design will also result in improved response times and safer working conditions. Remodel would include the addition of separate sleeping areas, modifications and upgrades to the bathrooms and kitchen areas (to include all cabinetry, fixtures, and appliances), modifications to bring the building up to code, and other areas of upgrade such as paint, lighting, and carpet.

PICKUP 4X4 - REPLACE VEHICLE #114

Borough Fleet Vehicles

Type Replacement
Category Equipment
Department Public Works

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 40,000	\$ 40,000	\$ -	\$ -

This vehicle is for fleet and includes all necessary safety, operational equipment, and accessories as required. This will replace vehicle #114, a 22-year-old, 2001 Chevy K1500 4x4 with 140,000 miles. This truck is no longer cost effective to maintain.

PICKUP 4X4 - REPLACE VEHICLE #115

Borough Fleet Vehicles

Type Replacement
Category Equipment
Department Public Works

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 40,000	\$ 40,000	\$ -	\$ -

This vehicle is for fleet and includes all necessary safety, operational equipment, and accessories as required. This will replace vehicle #115, a 22-year-old, 2001 Chevy K1500 4x4 with 87,039 miles. This truck is out of service due to engine and drivetrain system failures.

PICKUP W/EXTENDED CAB, UTILITY WORK BOX 4X4

Borough Fleet Vehicles

Type New Project
Category Improvement
Department Public Works

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 80,000	\$ 80,000	\$ -	\$ -

This vehicle is for Operations & Maintenance and includes all necessary safety, operational equipment, and accessories as required. This will replace a 16-year-old, 2006 F-450 4X4 with 170,000 miles.

SAWYER CREW

Community Development

Type New Project
Category Parks & Recreation
Department Community Development

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 105,000	\$ 105,000	\$ -	\$ -

This funding would allow Borough saw crew staff to extend their work season and further reduce fire hazards and improve public safety on Borough-owned land. This funding will allow for the saw crew employees to complete additional fire hazard reduction work on Borough Property.

CITY OF WASILLA PLANNING GRANT

Grants/Pass Throughs

Type Grant
Category Planning
Department General Government

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 100,000	\$ 100,000	\$ -	\$ -

A grant to the City of Wasilla to be used for planning purposes.

GRANT MATCH FOR FISH PASSAGE PROJECTS

Grants/Pass Throughs

Type Grant Match
Category Improvement
Department Public Works

Funding Requests

\$ 500,000	\$ 500,000	\$ 1,000,000	\$ -

FY23 & FY24 Match Money for US Fish & Wildlife Service grants. New five-year agreement for 2020. These grants will replace culverts that are causing full or partial barriers at fish-bearing stream crossings on Borough-owned roads. The projects help provide free movement for juvenile and adult salmon, as well as other species. When these crossings are improved the habitat ranges are expanded, improving connectivity of waterways which increases survivability for these anadromous fish aiding the preservation of these species. The crossings are designed to withstand high flows, typically 100-year flood events, and improve the roadways over the crossings for infrastructure longevity and safety. USFWS, ADF&G, and other regional partners have been key in the success of these projects over the years.

GWCC MSB TOURISM SUPPORT

Grants/Pass Throughs

Type Grant
Category Parks & Recreation
Department General Government

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 100,000	\$ 100,000	\$ -	\$ -

The Greater Wasilla Chamber of Commerce shall provide in person Visitor and Relocation information services via the GWCC Visitor Information Center located in the historic Wasilla Depot. GWCC shall also provide Visitor and Relocation information services and information via telephonic and digital (email, website, and social media) means. GWCC shall also develop a relocation guide with accompanying website that shall be made available in print and digital formats. Metrics on contacts and distributions shall be reported to the Borough.

HUMAN SERVICES COMMUNITY MATCHING GRANT

Type Grant
Category Planning
Department General Government

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 150,000	\$ 150,000	\$ -	\$ -

The Matanuska-Susitna Borough is a recipient of the State of Alaska Human Services Community Matching Grant. This grant requires the borough provide a 30% cash match. The match amount, along with the State grant funding is then provided through a competitive grant application process, to local non-profit agencies for the provision of critically needed essential health and social services. This funding provides food, shelter, utility assistance, counseling services and other critically needed programs to the residents of the borough, through those agencies that are awarded grants.

Mat-Su Convention & Visitors Bureau funding.

AERIAL IMAGERY AND LIDAR

Information Technology

Type New Project
Category Improvement
Department Information Technology

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 250,000	\$ 250,000	\$ 250,000	\$ -

In order to better serve staff and citizens the GIS Division has implemented an ongoing program to update aerial imagery on a 3 year rotating basis and to update LiDAR (elevation data) on a 6 year rotating basis. In FY23, we are requesting \$150,000 for LiDAR to continue the program update. In FY24, we are requesting an additional \$150,000 which will allow us to complete this update. This figure assumes no assistance from USGS. Oblique imagery, allows the assessors to visit properties normally not accessible by the road system, supporting remote work solutions without compromising on quality or accuracy. We are requesting \$100,000 in FY23 and in FY24 for oblique imagery based on the areas that Assessments Division has indicated they would like to have in the coming years.

CAMA GOVERN TO OPENFORMS 6.1 UPGRADE

Information Technology

Type New Project
Category Improvement
Department Information Technology

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ -	\$ -	\$ 500,000	\$ -

The Borough needs a major upgrade to the enterprise system, Govern for Computer Aided Mass Appraisal (CAMA) in support of the Assessments Division. A project to upgrade all of Govern to the latest software, OpenForms, was attempted and it was found that OpenForms would not satisfy the needs to the other functions currently performed by Govern. We are planning to move those functions to a Tyler system, iasWorld and integrate them with our financial system, New World. The Assessment Division still see the Govern upgrade to OpenForms for our CAMA data as the best option for the Borough. Estimates for this upgrade have not yet been obtained from the company, Harris-Govern. The request is the teams best guess at project costs at this time. In addition to the Harris costs, the Borough will need funding for project management, business analysis, data migration, and operational support.

ECOMMERCE

Information Technology

Type New Project
Category Improvement
Department Information Technology

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 150,000	\$ 150,000	\$ -	\$ -

The Borough Assembly has asked for improvements to our existing eCommerce system. Additionally, we have a number of additional products and services that can be moved from a legacy eCommerce system, Point and Pay, and others that have never been online that could be offered online. This will provide a great deal of convenience for the citizens of the Borough. The move from Point and Pay will allow system integration with our parcel and financial systems and significantly reduce double entry of data and human error in data entry. This will make the work of the Borough staff significantly more efficient. \$99,596 is currently available in a project fund for this effort. We are asking for an additional \$250,000 in FY23 to continue this project.

FIREWALL REPLACEMENT

Information Technology

Type Replacement
Category Improvement
Department Information Technology

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 200,000	\$ 200,000	\$ -	\$ -

In FY23, we are requesting \$850,000 to replace the Check Point firewalls with Cisco firewalls. This will significantly increase the Boroughs security posture and help optimize limited staff resources who are managing cybersecurity at the Borough.

IASWORLD TAX SUBSCRIPTION

Information Technology

Type New Project
Category Improvement
Department Information Technology

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ -	\$ -	\$ 500,000	\$ -

The Borough needs a modern system to perform a number of functions that are currently done by the aging Govern system. A project to upgrade to the latest Govern system, OpenForms, was attempted. It was found that the OpenForms system would not adequately satisfy the needs of a number of the functions currently in Govern. Tyler has a system that has been reviewed and will perform the necessary functions. It is called iasWorld. Tyler is also the company that produces the system New World (formerly Logos) which is our current financial system. Moving these functions to iasWorld will allow automated integration between these functions and our financial system. Functions to be moved include: Cash Collections, Foreclosures, Land Management, LIDs, Misc Billing, Platting, Property Control, Self-Reported Taxes, Tax Sales, and Utility Billing. Estimates have been received from the Tyler Project and Implementation team for \$1,800,000 for software licenses and implementation services. We also estimate \$200,000 for consulting services to assist with project management, business analysis, data migration, and operational support. We are requesting \$2,000,000 in FY23 for the iasWorld implementation.

NETWORK INFRASTRUCTURE REFRESH

Information Technology

Type New Project
Category Improvement
Department Information Technology

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 23,000	\$ 23,000	\$ 190,000	\$ -

In FY23, we are requesting \$23,000 to replace the VPN Concentrator that provides secure access to the MSB network. In FY24, we are requesting \$110,000 to replace the Commvault backup system that will no longer be supported. This replacement will not be optional. We are also requesting \$35,000 to replace the tape drive that provides the important air gapped backups for MSB systems and data and several aging servers will reach end of life so we are requesting an additional \$45,000 to replace those. The total FY24 Infrastructure request is \$190,000.

\$ 50,000	\$ 50,000	\$ -	\$ -

Field Number 4 is the last of the fields to be renovated as part of a complete renovation of the entire complex. Due to the loss of staff who had the training and ability to do the project, we have to engage a contractor.

ELECTRONIC FEE STATION - GOVERNMENT PEAK RECREATIONAL AREA (GPRA)

Parks & Outdoor Recreation Improvements

Type New Project
Category Improvement
Department Community Development

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 15,000	\$ 15,000	\$ -	\$ -

We installed two of the electronic pay kiosks last summer with great success. They are very customer friendly and reduce the risk of theft from the traditional pay pipes. Our compliance rates at West Butte and Jim Creek increased dramatically due to the installation of the kiosks and our increase in enforcement. The GPRA sees very heavy use year round and would benefit from a similar installation.

SUNSHINE CREEK ROAD COMPLETION

Parks & Outdoor Recreation Improvements

Type New Project
Category Improvement
Department Community Development

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 120,000	\$ 120,000	\$ -	\$ -

The new campground at Sunshine Creek is a dynamic new facility offering residents and non-residents a camping experience at a popular salmon fishing stream. The road leading from the Parks Highway to the campground was improved but still needs additional work.

SKEETAWK SKI AREA DEVELOPMENT - GRANT AW

Parks & Outdoor Recreation Improvements AW

Type Grant
Category Parks & Recreation
Department Community Development

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 250,000	\$ 300,000	\$ 100,000	\$ -

This facility is expected to be one of the venues for the 2024 Arctic Winter Games sponsored by the Borough. Despite Skeetawk’s success constructing the ski hill and getting it operational, a large number of infrastructure needs remain. These needs include a list of 26 items, which they hope to nibble away on each year. Some of the more immediate needs include access road and parking lot improvements to allow busses to access the site, additional smoothing of ski run surfaces, and additional water and sanitary improvements. These three items alone are estimated to cost a total of \$925,000. The requested funds would be applied to help the organization secure additional funding and grants for their priority projects.

2021 TRANSPORTATION PACKAGE

Public Works AW

Type New Project
Category Improvement
Department General Government

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 5,000,000	\$ 8,260,208	\$ -	\$ -

This funding would facilitate the 2021 Transportation Bond Package.

GENERATOR FOR WARM STORAGE BUILDING (50/50 SPLIT BETWEEN COMMUNITY DEVELOPMENT/PARKS & OUTDOOR RECREATION, FUND 100, AND TSW, FUND 293)

Public Works AW

Type New Project
Category Improvement
Department Public Works / Operations & Maintenance

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 90,000	\$ 90,000	\$ -	\$ -

(50/50 SPLIT BETWEEN COMMUNITY DEVELOPMENT/PARKS & OUTDOOR RECREATION, FUND 100, & TSW, FUND 293) This facility houses equipment for both Talkeetna Sewer & Water and Parks & Outdoor Recreation. The Talkeetna area experiences numerous power outages yearly and the facility needs to operate without interruption of heat, sewer, and water monitoring capabilities. The cost includes equipment and accessories to safely, efficiently install and operate the generator.

GPRA OVERFLOW PARKING LOT FOR SAFETY

Public Works AW

Type New Project
Category Improvement
Department Public Works / Pre-Design & Engineering

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 850,000	\$ 850,000	\$ -	\$ -

This facility is expected to be one of the venues for the 2024 Arctic Winter Games sponsored by the Borough. Design is currently in progress and will be complete by early spring of 2022. Construction of the overflow parking lot will provide parking for up to an additional 150 vehicles and double as a trailhead for the equestrian trail system. The funding requested will relieve parking congestion at the main GPRA trailhead and allow for safe driving conditions along North Mountain Trails Drive. The existing parking area at the GPRA chalet and trailhead was designed for approximately 110 cars/trucks and 3-4 buses. This single parking area is no longer adequate for the volume of users and visitors. When large events occur the existing parking lot is overflowing, at times with cars parked on the east and west shoulders of North Mountain Trails Drive half way down the mountainside to Edgerton Parks Road, a distance of almost 0.5 mile. This is particularly unsafe when snow plowing, maintenance, and emergency vehicles need to reach the GPRA parking lot, not to mention the public walking up the road in the travel lanes.

SEISMIC RESILIENCY IMPROVEMENTS

Public Works AW

Type New Project
Category Improvement
Department Public Works / Project Management

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 250,000	\$ 250,000	\$ 1,000,000	\$ -

After initial level 1 seismic resiliency inspections, fourteen buildings were identified for a level 2 detailed inspection due to low initial resiliency scores. The level 2 inspections are underway. The total estimated design cost for all fourteen buildings is approximately \$2.0M. This request is for the first half of detailed design on the selected buildings during FY23 and the second half of detailed design on the selected buildings during FY24.

FLOATING DIVE PLATFORM

Rescue

Type New Project
Category Improvement
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 85,000	\$ 85,000	\$ -	\$ -

Currently, for prolonged dive operations on lakes, the water rescue team must operate out of inflatable boats that are difficult for divers to enter into and exit out of the water. Having a floating dive platform for use on the numerous area lakes for both training and response to water rescue emergencies would greatly enhance our capabilities and the safety of our divers. This floating platform with an outboard motor and seating would allow divers to don and doff their protective equipment, change air bottles, and rehab between dives. It would also provide a place for support personnel tracking the divers' health and safety to monitor their condition. This would improve team efficiency while operating on static water. Includes boat and accessories.

HAZARDOUS MATERIALS RESPONSE AND TOW VEHICLE

Rescue

Type New Project
Category Equipment
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ -	\$ -	\$ 200,000	\$ -

The hazardous material team currently relies on an old retired ambulance to tow their required decontamination trailer and equipment. This vehicle is antiquated and no longer reliable. We are seeking grants for its replacement but, if one is not secured, this need cannot wait any longer. This funding is to purchase a heavy duty chassis with a four-person cab to transport team members. A box on the rear would allow for the storage of equipment and an area for team members to don personal protective equipment, very similar to our current dive van. This will cover the vehicle and components necessary to respond borough-wide on emergency calls.

NEW AIRBOAT AND TRAILER

Rescue

Type New Project
Category Improvement
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ -	\$ -	\$ 150,000	\$ -

The team's current airboat has many operational drawbacks. A smaller airboat (approximately 8' wide and 18' long) will improve response capabilities by reducing response times, increasing the number of areas accessible throughout the Borough, and decreasing the liabilities associated with towing an oversized load. A smaller airboat will also make training of new boat operators far less expensive than using the existing air boat. Additionally, an airboat of this size is an all-season rescue platform, permitting responses to calls on rivers, lakes, snow, or ice.

RESCUE TOOL MODERNIZATIONS AND REPLACEMENTS

Rescue

Type Replacement
Category Equipment
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 150,000	\$ 150,000	\$ 250,000	\$ -

Years 2 and 3 of 3. This project will provide for a Borough-wide modernization and replacement of critical rescue equipment. The Borough provides rescue to an area the size of West Virginia and is currently behind schedule on the standardization, replacement, and upgrade of critical equipment and resources needed to protect both citizens and visitors to our area. This includes equipment used in all manners of vehicle/transportation accidents, off road accidents, water rescue, and response to natural disasters. Technology has changed and greatly improved the tools and equipment now available to rescuers for use on emergency scenes. The Borough Departments are relying on older antiquated equipment that is in need of upgrade and replacement. Much of our specialty equipment has passed its expiration or useful life. Much of our equipment was purchased with State of Alaska money and grants during the 1980's and we currently lack the funding to upgrade and replace the items as necessary. This project would enhance rescue response throughout the Borough, improving service to our citizens, and better equipping our first responders.

RESCUE VEHICLE REPLACEMENT

Rescue

Type Replacement
Category Equipment
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ -	\$ -	\$ 850,000	\$ -

The current rescue vehicles provided by DES for responding to rescue calls throughout the Borough were largely purchased over 20 years ago and require systematic replacement over time. Replacement parts, maintenance costs, and the need to standardize our fleet for increased efficiency are all contributing factors. New vehicles will allow for safer and more dependable services of this area-wide function.

EMERGENCY COMMUNICATIONS

Telecommunications

Type New Project
Category Improvement
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 150,000	\$ 150,000	\$ 150,000	\$ -

TDMA is Time Division Multiple Access, where the system is a channel access method for shared-medium networks. It allows several users to share the same frequency channel by dividing the signal into different time slots. This project will allow for the purchase of replacement/upgraded APX portable and mobile radios to further integrate and bolster our communications in the rural areas of the Borough. The upgraded radios would be assigned to smaller Fire Service Areas under the Department of Emergency Services. This would assist in rural areas being able to communicate with more urban areas without bumping them off the channel. These rural fire service areas are limited due to budgetary restrictions in the amounts they can purchase radios at this time. This project would bring those areas closer to being fully equipped with new radios to allow for efficient communications. These radios will be dispensed to multiple rural fire service areas to include Sutton, Talkeetna, Willow, Caswell, and Butte as well as EMS resources throughout the Borough.

IMPROVEMENTS TO CREVASSE MORAINÉ REC AREA

Tourism Infrastructure

Type New Project
Category Improvement
Department Community Development

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ -	\$ -	\$ 225,000	\$ -

The existing lot is gravel and subject to rutting and mud during break up. The Crevasse Moraine Trail Head is very popular and often times over crowded. By paving and expanding the lot, many of the existing problems could be reduced. The sledding hill is extremely steep and children are often thrown from their sleds and the run out is too short, causing sledders to crash into the trees at the bottom of the hill. By reducing the height of the hill we can reduce the chance of injury.

WINTER TRAIL GROOMING

Tourism Infrastructure

Type Reoccurring
Category Improvement
Department Community Development

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 150,000	\$ 150,000	\$ 150,000	\$ -

These funds will provide for the continuance of the winter trail grooming grant program. The grooming program is a great deal for the Borough in that these funds are matched 50% by the volunteer groups and far more trails are groomed than could be otherwise accomplished through either a contract or in-house.

FY23 Proposed	FY23 Approved	FY24	FY25
\$ 500,000	\$ 500,000	\$ 500,000	\$ -

The AC&R facility was renovated and expanded in 2008. It was designed and built by companies that had no experience or expertise in developing animal care facilities. As such, many of the building systems and designs were inadequate from the start. After nearly thirteen years of high-volume use, the systems are wearing out, especially HVAC, plumbing, and electrical. Most finishes in the facility were not adequate for the animal care environment and are compromised. Constant repairs and work-arounds are required.

3,000-GALLON FUELING TANK / STATION

Public Works / Solid Waste

Type New Project
Category Improvement
Department Public Works / Solid Waste

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ -	\$ -	\$ 50,000	\$ -

Purchase and installation of an above-ground, 3,000-gallon, lined diesel fuel tank with pumping/fill station for fueling landfill equipment to be located closer to MSW Cells 4, 5, and 6 will reduce the cost of fueling equipment. The current 500-gallon tank located at the warm storage facility is too small for future operations and is located too far from current and future waste cells.

4,000-GALLON WATER TRUCK

Public Works / Solid Waste

Type New Project
Category Improvement
Department Public Works / Solid Waste

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ -	\$ -	\$ 170,000	\$ -

Purchase of a 4,000-gallon water truck to be used for dust control and equipment cleaning as required by ADEC permit. Current landfill operations pay a contractor to spray dust control agent on landfill roads and disposal areas and landfill personnel use a 300-gallon pressure washer to clean equipment. Scope includes all required lighting and safety equipment.

ENTRANCE ROAD AND FACILITY IMPROVEMENT

Public Works / Solid Waste

Type New Project
Category Improvement
Department Public Works / Solid Waste

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 1,500,000	\$ 1,500,000	\$ 1,500,000	\$ -

Phase I: In the 2020 Landfill Development Plan, a new entrance was suggested to improve traffic flow on N. 49th State Street for emergency access and eventually connect to Trunk Road. The existing landfill entrance at the end of N. 49th State Street uses the public street as a queuing line to enter the Central Landfill. This creates a problem for emergency vehicles, residential access to homes, and access to the Animal Shelter and recycling center, VCRS. Phase I will build a new entrance to the landfill and place any queuing within the landfill. Phase II will include the new facility infrastructure at the new entrance, replacing the existing scales and scale house, which are at the end of life with a new tipping floor. Scope to include building and contraction required to create a new entrance road per DOT regulations from Chanlyut Circle to the new facility location within the landfill boundary. Phase II: Upon Phase I completion, Phase II will build a new scale house with scales, replacing the existing scale and scale house which has reached its end of life, closer to Trunk Road. The construction will also include a new tipping floor. The design of the tipping floor will allow residents to dispose of waste simpler in an environmentally friendly way. Landfill staff will be able to source separate material to ensure it is disposed of in the least costly disposal method, saving valuable landfill space. Scope includes scale house, scales, tipping floor, water well, septic, electrical, and all necessary equipment to build and operate at this location.

EVAPORATION SYSTEM

Public Works / Solid Waste

Type New Project
Category Improvement
Department Public Works / Solid Waste

Funding Requests

\$ -	\$ -	\$ 2,250,000	\$ -

As the landfill grows with increased waste mass, leachate generation increases. Leachate is one of the most costly long-term problems within a landfill. There are several methods to dispose of leachate. Central Landfill explored filtration but was unable to get that approved by ADEC. Transportation works in the short term, but has a high cost and permits can change making this a short-term solution. Combining evaporation with recirculation and limited transportation is the lowest cost approach.

GAS WELL INSTALLATION ON CENTRAL LANDFILL CELLS

Public Works / Solid Waste

Category	Improvement	FY23 Proposed	FY23 Approved	FY24	FY25
Department	Public Works / Solid Waste	\$ 500,000	\$ 500,000	\$ 225,000	\$ -

Phase I: Installation of landfill gas wells to complete landfill gas collection in MSW Cell 2A and C&D Cell 1. The installation of this infrastructure is required to maintain compliance with ADEC Solid Waste Operating Permit and ADEC Solid Waste Regulations. With the addition of these wells to the existing network of wells, Central Landfill will potentially have enough captured gas to power a gas-to-energy system while maintaining compliance with state regulations and protect Central Landfill neighbors from landfill gas migration. Scope includes construction and installation of new wells and well vents, gas piping, and related equipment. Phase II: Installation of landfill gas wells in MSW Cell 2B to continue expansion of existing landfill gas infrastructure. Cell 2B is close to final grade. New landfill gas wells will be installed upon final closure of the cell, adding a new gas source to a potential landfill gas-to-energy system.

GAS-TO-ENERGY SYSTEM DESIGN

Public Works / Solid Waste

Type	New Project	Funding Requests			
Category	Improvement	FY23 Proposed	FY23 Approved	FY24	FY25
Department	Public Works / Solid Waste	\$ -	\$ -	\$ 150,000	\$ -

Design a landfill gas-to-energy system at the Central Landfill to utilize landfill gas as an energy source. Design is critical in moving towards construction of a landfill gas-to-energy system that will provide the Borough up to \$250,000 in annual revenue from energy sales as indicated in the 2020 Central Landfill Development Plan Feasibility Study.

OPERATIONS BUILDING REPLACEMENT

Public Works / Solid Waste

Type	New Project	Funding Requests			
Category	Improvement	FY23 Proposed	FY23 Approved	FY24	FY25
Department	Public Works / Solid Waste	\$ 375,000	\$ 375,000	\$ -	\$ -

The existing operations building is a temporary structure that has been used for over 25 years. It was never designed to last this long and requires numerous upgrades. There are ADA issues along with OSHA regulations that must be corrected. The best approach is to replace this building with a new portable structure that can be used for the next 20 plus years and moved to another site at the landfill if that becomes necessary in the future. The new structure would provide needed bathrooms and improved sanitary conditions while meeting all ADA and OSHA compliance issues. Scope includes the structure and required electrical, wastewater, waste hookups, and equipment necessary to install the new temporary structure.

TWO 1/2-TON TRUCKS

Public Works / Solid Waste

Type	New Project	Funding Requests			
Category	Improvement	FY23 Proposed	FY23 Approved	FY24	FY25
Department	Public Works / Solid Waste	\$ -	\$ -	\$ 68,000	\$ -

Purchase two 1/2-ton trucks. These vehicles will be used by staff for litter control, directing and monitoring commercial haulers at the waste disposal cells, and to support landfill operations including ADEC required inspections, facility security inspections, facility maintenance, and transportation to Transfer Stations for maintenance purposes. Scope includes all required lighting, snow tires, and safety equipment.

WASTE CONTAINER REPLACEMENT OR REFURBISHMENT

Public Works / Solid Waste

Type Replacement	Funding Requests			
Category Improvement	FY23 Proposed	FY23 Approved	FY24	FY25
Department Public Works / Solid Waste	\$ 181,000	\$ 181,000	\$ 200,000	\$ -

The current inventory of 120-cubic yard and 40-cubic yard waste containers requires constant maintenance to remain serviceable and safely operate on the roadways. Some containers have exceeded their scheduled lifecycle. These funds pay to refurbish or replace containers in accordance with DOT standards and the Solid Waste Division’s equipment refurbishment and replacement program.

WATER WELL AND PUMPING STATION

Public Works / Solid Waste

Type New Project	Funding Requests			
Category Improvement	FY23 Proposed	FY23 Approved	FY24	FY25
Department Public Works / Solid Waste	\$ 30,000	\$ 30,000	\$ -	\$ -

Purchase and installation of a water well and pumping/fill station. Currently, Central Landfill has a limited water supply that does not meet its current or future needs. Accessibility to a usable water source must be available for emergencies and is required per the ADEC permit to control dust at all roadways and tipping areas, and is also necessary to clean landfill equipment on a daily basis. Scope includes all permits, design, and construction for a new water well supply system.

LAND MANAGEMENT - APPROVED CAPITAL IMPROVEMENT PLAN SUMMARY

ACCESS TO MATERIAL SITES

Land & Resource Management

Type New Project
Category Improvement
Department Public Works

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 50,000	\$ 50,000	\$ 50,000	\$ -

New earth material sites on Borough-owned land have been identified that could provide construction materials to upcoming road projects. Access must be constructed to these material sites in order for the construction materials to be readily available for sale to the contractors bidding on the road projects. Access will include driveway permits, if required, culverts, driveway construction, gates, and signage.

GEOTECHNICAL ANALYSIS AT FUTURE MATERIAL SITES

Land & Resource Management

Type New Project
Category Improvement
Department Public Works

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 135,000	\$ 135,000	\$ 80,000	\$ -

Preliminary geotechnical analysis of potential new material sites on Borough-owned land identified several locations where additional analysis is required to determine the potential volume and quantity of material available. These sites are located near future highway projects and are anticipated to produce Borough revenue through material sale. The additional geotechnical analysis will be used to determine which sites will be made available to produce construction materials. The data will also be made available to contractors bidding on road projects in the vicinity.

SKEETAWK SKI AREA DEVELOPMENT - GRANT LM

Land & Resource Management

Category Parks & Recreation
Department Community Development

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ -	\$ 300,000	\$ -	\$ -

This facility is expected to be one of the venues for the 2024 Arctic Winter Games sponsored by the Borough. Despite Skeetawk’s success constructing the ski hill and getting it operational, a large number of infrastructure needs remain. These needs include a list of 26 items, which they hope to nibble away on each year. Some of the more immediate needs include access road and parking lot improvements to allow busses to access the site, additional smoothing of ski run surfaces, and additional water and sanitary improvements. These three items alone are estimated to cost a total of \$925,000. The requested funds would be applied to help the organization secure additional funding and grants for their priority projects.

SERVICE AREAS - APPROVED CAPITAL IMPROVEMENT PLAN DETAIL

BRUSH TRUCK

Butte Fire Service Area

Type New Project
Category Improvement
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 100,000	\$ 100,000	\$ -	\$ -

Replacement of Butte’s current brush truck which plays a dual purpose role as a brush truck during wildland season and as a plow and sander during the winter months for emergency response and maintaining station parking lots. Our current brush truck is 18 years old and requires continuous maintenance and repairs. The new brush truck will operate in the same fashion as the dual purpose unit and be built on a new, heavy duty, crew cab chassis, have our current flatbed refurbished and mounted on the new chassis, a new wildland slide in skid unit for wildland season and a new sander for the winter months. The crew cab chassis will offer more seating for additional personnel when responding to incidents.

PUMPER/TENDER - BUTTE

Butte Fire Service Area

Type New Project
Category Improvement
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ -	\$ -	\$ 700,000	\$ -

Project will fund the replacement of Butte’s current 1992 tender that is 31 years old which requires continuous maintenance and repairs. In most cases, parts are difficult to find and or obtain for this apparatus. The new pumper/tender will be built on a full crew chassis with a 2,600 gallon water tank, a 20 gallon foam tank, and a 1,500 GPM pump. This will allow the apparatus to not only be used as a tender but also as a primary attack engine when needed. This will assist our service area by allowing the department to deploy more responders to the scene quicker for fire ground operations and operate as an engine or tender at any incident. The project will also cover the cost of tools and equipment needed.

PUMPER/TENDER

Caswell Fire Service Area

Type New Project
Category Improvement
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ -	\$ -	\$ 700,000	\$ -

Caswell’s two existing 2,000 gallon tenders are 36 years old and at the very end of their service life, both from a practical standpoint and for being accredited by ISO. A new tender built on a full crew cab chassis with 3,000 gallons of water, 250 gallons of foam, and a 1,250 GPM pump would meet the qualification for both a tender and a primary engine rolled into one package. Responding as an engine, it alone could provide fire attack simultaneous with having 3,000 gallons of water available, which is equivalent to the current engine and one tender working together. This configuration also would give Caswell the benefit of having two engines, hence always having at least one engine available if the other is out for maintenance. With one of the older tenders retired, and a new pumper/tender to take its place, we would be able to respond with 6,000 gallons of water vs. the 5,000 gallons available now.

TURNOUT COATS AND PANTS - CASWELL

Caswell Fire Service Area

Type New Project
Category Improvement
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 40,000	\$ 40,000	\$ -	\$ -

Turnout gear is the most critical wearing apparel necessary for firefighters. By nature it is subject to considerable abuse from heat, smoke, chemicals, and abrasion. A firefighter is required to have a full set in service and, whenever possible, a second set held in reserve while the primary set is out of service for drying, cleaning, etc. The average life of serviceable turnout gear is only about five years depending on frequency of use and contact with contaminants. By law, it must be compliant with current standards for firefighter safety, thereby requiring periodic replacement.

ALTERNATE FILL SITE 1

Central Mat-Su Fire Dept. Wasilla Lakes Fire Service Area

Type New Project
Category Improvement
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 600,000	\$ 600,000	\$ -	\$ -

This is a continuation of forward funding two alternate fill sites for our area (Wasilla-Fishhook/Paradise area and KGB/Point Mackenzie area). Projects include land, well, a minimum of a 35,000 gallon underground water tank, large capacity (500 GPM) fill pump, and a warm storage building to house a reserve tender.

ALTERNATE FILL SITE 2

Central Mat-Su Fire Dept. Wasilla Lakes Fire Service Area

Type New Project
Category Improvement
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ -	\$ -	\$ 600,000	\$ -

This is a continuation of forward funding two alternate fill sites for our area (Wasilla-Fishhook/Paradise area and KGB/ Point Mackenzie area). Projects include land, well, a minimum of a 35,000 gallon underground water tank, large capacity (500 GPM) fill pump, and a warm storage building to house a reserve tender.

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Central Mat-Su Fire Dept. Wasilla Lakes Fire Service Area

Type New Project
Category Improvement
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 150,000	\$ 150,000	\$ -	\$ -

This project will purchase new firefighter turnout gear, wildland PPE, station uniforms, foot wear, and helmets. These items will be used to equip new personnel and replace gear of current personnel as needed. Our current inventory of in-house replacement gear has run low.

RESCUE ENGINE AND RELATED EQUIPMENT

Central Mat-Su Fire Dept. Wasilla Lakes Fire Service Area

Type New Project
Category Improvement
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 875,000	\$ 875,000	\$ -	\$ -

The project will include the purchase of a new Rescue-Engine and all associated tools and equipment. This apparatus will replace our busiest Rescue-Engine at Station 6-1 which has been in service since 2017 and has 60,514 miles on it. The current Rescue-Engine will be moved to Station 5-1. One reserve engine will then be removed from our inventory

STATION 5-2 CONSTRUCTION AND FURNITURE, FIXTURES, AND EQUIPMENT (FF&E)

Central Mat-Su Fire Dept. Wasilla Lakes Fire Service Area

Type New Project
Category Improvement
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ -	\$ -	\$ 6,000,000	\$ -

The current Station 5-2 is located at a very busy intersection which will turn into a round-about in the near future. The building is over 40 years old, out dated, and unable to be remodeled or added on too. Previous funding was made available for land purchase and preparations. This project will fund construction and equip a new Station 5-2 to include three full-size drive-through bays, living quarters, and associated spaces for six personnel, along with an underground water tank to supply both the building's fire suppression system and well and a fill site to refill tenders.

STATION 5-2 LAND PURCHASE AND PREPARATION

Central Mat-Su Fire Dept. Wasilla Lakes Fire Service Area

Type New Project
Category Improvement
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 500,000	\$ 500,000	\$ -	\$ -

This project will fund purchasing land to replace our current Station 5-2 which is no long meeting the needs of the department due to age and location. Funding will include the purchase of new land and its preparation for the new station.

STATION MAINTENANCE

Central Mat-Su Fire Dept. Wasilla Lakes Fire Service Area

Type New Project
Category Improvement
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 250,000	\$ 250,000	\$ 250,000	\$ -

This project will be used to perform needed station repairs, interior/exterior paint, landscaping, fence installation/repair, and parking lot sealing/coating/stripping and repairs. Station fixtures, furniture, and equipment (FFE) replacements are also included in this project. This project is for all eight of our stations as needed.

TRAINING COMPLEX BUILD OUT

Central Mat-Su Fire Dept. Wasilla Lakes Fire Service Area

Type New Project
Category Improvement
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 1,500,000	\$ 1,500,000	\$ 500,000	\$ -

This project will continue the master plan of our training complex build out by completing the driving course/extrication pad, technical rescue area preparation, a confined space maze prop, and fence and road side bush clearing/ maintenance. Currently we do not have a designated area to perform driver training. The training pad/area will be large enough to set up the required NFPA driving course allowing new and current drivers to train on driving varied fire apparatus at a safe location. This area will also be used as a vehicle extrication training area and as a landing zone for medical helicopters as needed. The technical rescue area will be prepped to be used to create advanced technical rescue scenarios for training to include confined space, trench, and collapse rescue. The confined space/maze trainer is a purpose build simulator that will be built in the mezzanine area of our training bay and provide advance SCBA training. Brush along our fence line and road system needs to be cut back and repairs made as needed.

TWO COMMAND VEHICLES

Central Mat-Su Fire Dept. Wasilla Lakes Fire Service Area

Type New Project
Category Equipment
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 110,000	\$ 110,000	\$ -	\$ -

This project will be used to purchase two SUV-type command vehicles with all associated tools, equipment, radios, lights, and sirens and their installation. Two older command vehicles will be removed from our inventory.

PORTABLE LIFT SYSTEM (SIX)

DES/Fleet Maintenance

Type New Project
Category Equipment
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 100,000	\$ 100,000	\$ -	\$ -

A set of six, wireless, portable, lift system jacks are needed to extend our in-house capabilities. This is imperative for our operations to be more efficient and reduce down time of emergency equipment and reduce cost. Our fleet has grown larger, however we do not have enough lifting equipment to lift all vehicles we have in the shop which has an impact on getting needed repairs done in a timely manner. A set of six additional jacks which will be compatible with our current lifting jacks would give us the capability to have four vehicles in the air at the same time, minimizing down time, and getting the vehicles back in service in a ready state. This will include purchase and shipping of the units.

APPARATUS AND EQUIPMENT - NEW COMMAND VEHICLE

Palmer Fire Service Area (Greater)

Type New Project	Funding Requests			
Category Equipment	FY23 Proposed	FY23 Approved	FY24	FY25
Department Emergency Services	\$ 100,000	\$ 100,000	\$ -	\$ -

Command vehicles are used for emergency responses to fires, rescues, and medical emergencies. This project includes the purchase of a new vehicle, forestry pump and tank, and all related equipment, mounts, and installation for the vehicle and the pump and tank.

FACILITY DEFERED MAINTENANCE

Palmer Fire Service Area (Greater)

Type New Project	Funding Requests			
Category Improvement	FY23 Proposed	FY23 Approved	FY24	FY25
Department Emergency Services	\$ 90,000	\$ 90,000	\$ -	\$ -

This project will be used to perform needed station repairs and maintenance: roof leak, station signage and pavement repairs, upgrade to LED lighting to reduce utility cost, repair and paint siding, install bullards to protect well casings etc., replace 30 year old exterior doors/windows, interior painting including sheetrock repair, fixed appliance replacement, flood drain issues, install cord reels for powering apparatus, landscaping, replace old outlets, light fixtures etc.

FISHHOOK FIRE STATION EMERGENCY LANDING ZONE

Palmer Fire Service Area (Greater)

Type New Project	Funding Requests			
Category Improvement	FY23 Proposed	FY23 Approved	FY24	FY25
Department Emergency Services	\$ 90,000	\$ 90,000	\$ -	\$ -

The Fishhook area is rapidly growing, both with residents and with recreational users, and with that growth, the number of emergencies is increasing as well. There currently are no viable, improved, and maintained landing locations for a medevac helicopter to meet an ambulance in the Fishhook area, except on heavily traveled roads. This project would bury approximately 700 feet of power lines in the area of the Fishhook Fire Station and expand the apron paving, which would then allow the apron to be designated and used as an emergency landing zone.

PROPERTY ACQUISITION FOR FIRE STATIONS

Palmer Fire Service Area (Greater)

Type New Project	Funding Requests			
Category Improvement	FY23 Proposed	FY23 Approved	FY24	FY25
Department Emergency Services	\$ 500,000	\$ 500,000	\$ -	\$ -

This project is to fund the land purchase of leased property where Fire Station 3-5 (Fishhook) is built. This station protects one of the busiest and fastest growing areas in the Greater Palmer FSA. Land is currently secured with a 30-year lease. This project will provide the funds to purchase the land under terms of the agreement.

REPAIR AND SEAL ASPHALT PAD AT STATION 3-2

Palmer Fire Service Area (Greater)

Type New Project	Funding Requests			
Category Improvement	FY23 Proposed	FY23 Approved	FY24	FY25
Department Emergency Services	\$ 45,000	\$ 45,000	\$ -	\$ -

Repairs, crack sealing, fog sealing, and striping of asphalt pads at Station 3-2 to preserve and extend pavement life.

REPLACE EXISTING ASPHALT PAD AT STATION 3-5

Palmer Fire Service Area (Greater)

Type Replacement
Category Improvement
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 120,000	\$ 120,000	\$ -	\$ -

The asphalt at Station 3-5 is beyond the ability to repair. The existing pavement needs to be removed and replaced with new asphalt. Providing an asphalt area in front of the station allows for better maintenance of the apparatus bay floors, snow plowing, training area, and an area for the community to utilize.

STATION REPAIRS AND MODERNIZATION - PHASE I

Palmer Fire Service Area (Greater)

Type New Project
Category Improvement
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 500,000	\$ 500,000	\$ -	\$ -

The Greater Palmer FSA fire stations were built in the late 1970's to early 1980's. Over that time, there has been no significant remodels or modernization of the stations. The demands of the Department and personnel in the communities have increased through increased call volume. Components of Phase I: Hire an architectural firm for an overall plan for future phases. Replace and repair drainage in apparatus floors to accommodate water and debris from fire apparatus. Installed drainage system will include an oil/water separator and a large sediment trap to prevent unwanted material from going into the septic systems. Install exhaust removal system in Station 3-5. Repair exhaust removal system in Station 3-3.

STATION REPAIRS AND MODERNIZATION - PHASE II

Palmer Fire Service Area (Greater)

Type New Project
Category Improvement
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ -	\$ -	\$ 500,000	\$ -

The Greater Palmer FSA fire stations were built in the late 1970's to early 1980's. Over that time, there has been no significant remodels or modernization of the stations. The demands of the Department and personnel in the communities have increased through increased call volume and community involvement. Phase II will be developed after consultation from an architect hired in Phase I. Work may include remodeling of the existing structures.

THAW TRUCK BOILER AND ASSOCIATED COMPONENT REPLACEMENTS - TRUCK #30

Road Service Area Equipment

Type Replacement
Category Improvement
Department Public Works

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 150,000	\$ 150,000	\$ -	\$ -

Estimated lead time is 18 months to 2 years. Truck #30's current boiler is 18 years old and has reached the end of its service life, becoming a safety issue to operate and cost prohibitive to continue to repair. This boiler replacement includes all necessary safety, operational equipment, and accessories as required.

THAW TRUCK BOILER AND ASSOCIATED COMPONENT REPLACEMENTS - TRUCK #65

Road Service Area Equipment

Type Replacement
Category Improvement
Department Public Works

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 150,000	\$ 150,000	\$ -	\$ -

Estimated lead time is 18 months to 2 years. Truck #65's current boiler is 18 years old and has reached the end of its service life, becoming a safety issue to operate and cost prohibitive to continue to repair. This boiler replacement includes all necessary safety, operational equipment, and accessories as required.

PICKUP W/CREW CAB 4X4

Road Service Area Vehicles

Type New Project
Category Improvement
Department Public Works

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 49,000	\$ 49,000	\$ -	\$ -

This vehicle will replace the Road Maintenance crew, equipment transportation and tow vehicle. It will include all necessary safety, operational equipment, and accessories as required. This will replace an F-350 with 158,000 miles.

PICKUP W/EXTENDED CAB

Road Service Area Vehicles

Type New Project
Category Improvement
Department Public Works

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 43,000	\$ 43,000	\$ -	\$ -

This vehicle will replace the Road Maintenance Superintendent vehicle and include all necessary safety, operational equipment, and accessories as required. This will replace an F150 extended cab 4 x 4 with 137,000 miles.

PROTECTIVE CLOTHING AND RELATED EQUIPMENT

Sutton Fire Service Area

Type New Project
Category Improvement
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 45,000	\$ 45,000	\$ -	\$ -

This project is to allow for the continued annual replacement of essential safety equipment and protective clothing required for fire and rescue work. This shall include SCBA parts and bottles, protective clothing, and required protective gear to support responder safety.

SUTTON FIRE STATION FACILITY REPAIR AND MAINTENANCE

Sutton Fire Service Area

Type New Project
Category Improvement
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 85,000	\$ 85,000	\$ -	\$ -

The Sutton Fire Station was constructed in the 1980's. This project would allow staff to prioritize needed maintenance and repairs to begin addressing the backlog of maintenance to the facility and grounds. Projects that are currently needed include parking lot repair, bay floor coating, sealing and striping, both interior and exterior painting, as well as anticipated roof work. This is year one of an anticipated multi-year project.

COMMUNICATIONS EQUIPMENT REPLACEMENT

Talkeetna Fire Service Area

Type Replacement
Category Improvement
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 40,000	\$ 40,000	\$ -	\$ -

Replace communications equipment that is reaching the end of its useful life and cannot be repaired if broken. To include handheld portable radios used by firefighters, vehicle mounted mobile radios, base station radios in fire stations, pagers, cellphone boosters, iPads, and cradle point internet access. To include all chargers, accessories, installations, parts, and shipping costs.

STATION SECURITY CAMERAS AND EQUIPMENT

Talkeetna Fire Service Area

Type New Project
Category Improvement
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 25,000	\$ 25,000	\$ -	\$ -

Video monitoring of the stations has become a need in the last several years. Station security cameras to include camera systems with remote monitoring and recording capability. Will also include station temperature monitoring and alerting. Includes cameras, monitoring equipment, installation, shipping, and handling fees.

VEHICLE REPLACEMENT - BRUSH/WINTER PLOW/SANDING TRUCK

Talkeetna Fire Service Area

Type Replacement
Category Equipment
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 150,000	\$ 150,000	\$ -	\$ -

Replace brush truck which is currently a 1983 ford, with a multi-use vehicle that can be used for summer wildfire protection and winter plowing and sanding. Vehicle will be a heavy duty chassis cab 4x4 truck with a flat bed. Flatbed storage boxes mounted to flat bed. Self-contained slide-in water pump suitable for wildfire operations and small vehicle fires with onboard water tank. A snow plow suitable for plowing the station and accessing structures during heavy snow when roads may not be passable without a plow. A sanding unit will be included for sanding stations and accessing areas during winter driving conditions. Included will be all related equipment for the vehicle, plow, and sanding unit. Cost will include all parts, installation costs, shipping, and delivery fees.

GENERATOR FOR WARM STORAGE BUILDING (50/50 SPLIT BETWEEN TSW, FUND 293, AND COMMUNITY DEVELOPMENT/PARKS & OUTDOOR RECREATION, FUND 100)

Talkeetna Sewer & Water Systems

Type New Project
Category Improvement
Department Public Works

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 90,000	\$ 90,000	\$ -	\$ -

50/50 split between TSW Fund 293 and Community Development Parks & Outdoor Recreation Fund 100. This facility houses equipment for both Talkeetna Sewer and Water and Parks and Recreation. The Talkeetna area experiences numerous power outages yearly and this facility needs to be able to operate without interruption of heat, sewer, and water monitoring capabilities. The cost includes equipment and accessories to safely and efficiently install and operate the generator.

VAC TRUCK (30/70 SPLIT BETWEEN TSW, FUND 293, & RSA, FUND 265)

Talkeetna Sewer & Water Systems

Type New Project
Category Improvement
Department Public Works

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 135,000	\$ 135,000	\$ -	\$ -

30/70 split between TSW Fund 293, and RSA fund 265. Over the past few years O&M has taken on the responsibility of maintaining road bond projects and ADOT improvements. These projects have extensive storm drain systems that require periodic cleaning. In the past we would hire a contractor to do this work. Not only do the road bond projects have storm drains and detention basins, the new subdivision roads acquired for maintenance do as well, which require periodic cleaning. This unit will be utilized for MS4 Compliance Discharge Permit and the Talkeetna Water and Sewer System to clean out mainlines and manholes and perform preventative maintenance on new wastewater treatment plant.

LAND FOR A NEW FIRE STATION

West Lakes Fire Service Area

Type New Project
Category Improvement
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 300,000	\$ 300,000	\$ -	\$ -

Land in the W. Susitna Parkway and S. Purinton Parkway area was identified and classified as a future fire station location by Ordinance No. 20-58, IM 20-121 on June 16, 2020. Land purchase and development as well as utility development would be the first step for the future fire station.

PAVING AND PAD IMPROVEMENTS - STATION 8-2 AND TRAINING GROUNDS

West Lakes Fire Service Area

Type New Project
Category Improvement
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 125,000	\$ 125,000	\$ -	\$ -

Station 8-2 and the adjacent training grounds are the main training areas used by the West Lakes Fire Department. The existing pavement is in poor shape from apparatus and vehicles being driven off the edges. The area adjacent to the limited pavement is mixed gravel with large rocks and dirt that erodes. Improving the pad and adding paving will increase the useable area and cut down on potholes and future maintenance costs.

SECURITY CAMERAS

West Lakes Fire Service Area

Type New Project
Category Improvement
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 50,000	\$ 50,000	\$ -	\$ -

Security cameras, all related equipment and software, and installation for all West Lakes Fire Stations.

PUMPER/TENDER - WILLOW

Willow Fire Service Area

Type New Project
Category Improvement
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ -	\$ -	\$ 700,000	\$ -

Of Willow’s five tenders, one is 36 years old and three are 28 years old. All have maintenance issues. Tender 12-1, a 2015 model, is the only one which can be expected to carry us into the foreseeable future. The essence of rural fire protection is the ability to move water quickly, efficiently, and in great quantity. In all cases, this requires moving it on wheels by using multiple tenders to keep up with the required fire flow. Purchase of a new 3,000 gallon crew cab pumper/tender with a 1,250 GPM pump and 250 gallons of foam would also qualify it as an engine. A pumper/tender of this type will ensure we have a sufficient mobile water supply in Willow for fire attack on structural responses. The Willow reserve account, although adequate for covering most emergency expenditures, would be nearly wiped out if it had to be used for a tender replacement. If withdrawn from the FY24 CP Nominations, it needs to remain at the top of the list for FY25, considering that it takes up to a year and a half for a replacement to arrive after project approval.

STATION 12-1 DEMOLISH AND REMOVE OFFICE BUILDING

Willow Fire Service Area

Type New Project
Category Improvement
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 50,000	\$ 50,000	\$ -	\$ -

This building has been untenable for a few years now, having been abandoned, and is subject to mold and mildew contamination. Although it is still useful as a fire department training prop, it is an unhealthy place for any human activity. It is an eyesore in the center of the community and it should be removed as a matter of safety and community pride. The piece of property it occupies would be far more useful to our needs if it were cleared and graded for another purpose better suited for the fire department.

STATION 12-6 CHIEF’S OFFICE/SECURE FILES

Willow Fire Service Area

Type New Project
Category Improvement
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 50,000	\$ 50,000	\$ -	\$ -

Administrative building is a single story duplex shared by common entry and exit doors and shared restrooms. Each unit is a single open room 24’ x 40’ with three interior doors between units. It was designed for commercial use, not as office space. One side is used primarily for a training room for which the open concept is an advantage. The office side is a common area with six work stations and no dividers. They are assigned to the chief, assistant chief, admin assistant, State Trooper, and a common station where responders can log in for fire department business. Whenever there are two or more people in the open room, the orderly flow of business is often lost to distraction. The fire chief, by the often confidential nature of his duty, requires a private office in order to conduct business or hold discussions. Certain confidential documents are required to be kept double secured, i.e., locked files inside a locked office inside a locked building. The best we can do now is a locked building with locked files scattered inside but there is no private, locked office to secure anything. A 12’ x 18’ framed office with sound boarded partitions and a private locked entry door is proposed. The partition would double as additional space for maps, charts, status boards, files, etc.

STATION 12-6 LANDSCAPING IMPROVEMENTS

Willow Fire Service Area

Type New Project
Category Improvement
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ -	\$ -	\$ 75,000	\$ -

Station 12-6 has a small front lawn island that has an identification sign, information kiosk, and a perennial flower bed. The addition of an auto-lighted flagpole (or two) in that area would be a feature considered standard for any government building, especially a fire station. The vacant three quarter acre area behind the building and to the north of the apparatus bays is graded nicely, but is all gravel. Its only current use is for a snow dump. This unused area, if turned into a lawn, would be a source of fire department and community pride. The Suite A half of the building is already used by other community groups for meetings as well as fire department training. With the area made available for outdoor recreation, picnics, and numerous other possibilities, it would be a great venue for the Willow-Caswell Fire Department to host training, seminars, and assorted public safety and education events. It would have value as a morale booster for retention and as a recruitment tool. People are more easily drawn to join a group that appears to be having fun.

STATION MONITORING AND SECURITY ENHANCEMENTS

Willow Fire Service Area

Type New Project
Category Improvement
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 50,000	\$ 50,000	\$ -	\$ -

This money is to provide for facility security system design and installation at Willow Fire Department Stations. This money is to assist grant monies in covering the cost of system design, hardware, installation, monitors, labor, and any other associated expenses to make a security monitoring system operational. With many remote buildings that house expensive equipment and apparatus, there is a need to maintain facility security and protect Borough assets.

TURNOUT COATS AND PANTS - WILLOW

Willow Fire Service Area

Type New Project
Category Improvement
Department Emergency Services

Funding Requests			
FY23 Proposed	FY23 Approved	FY24	FY25
\$ 40,000	\$ 40,000	\$ -	\$ -

Turnout gear is the most critical wearing apparel necessary for firefighters. By nature it is subject to considerably abuse from heat, smoke, chemicals, and abrasion. A firefighter is required to have a full set in service and, whenever possible, a second set held in reserve while the primary set is out of service for drying, cleaning, etc. The average life of serviceable turnout gear is only about five years depending on frequency of use and contact with contaminants. By law, it must be compliant with current standards for firefighter health and safety, thereby requiring periodic replacement.

Statistical and Supplementary Information
Borough Historical Employment

Fiscal Year	Borough Population	Borough Employees (Total FTE*)	MSB Residents per Borough FTE
2012	93,677	280.24	334.27
2013	95,880	285.49	335.84
2014	98,103	288.75	339.75
2015	101,062	302.94	333.60
2016	104,119	312.94	332.71
2017	106,232	315.09	337.15
2018	107,115	316.38	338.56
2019	108,317	351.37	308.27
2020	107,829	359.39	300.03
2021	107,305	381.39	281.35
2022	108,805	392.00	277.56
*2023	110,981	396.63	279.81

Employees of the Matanuska-Susitna Borough are calculated by Full-Time Equivalent units. One FTE is equal to one regular full-time Borough employee. Although the number of FTEs has grown steadily over the past 20 years, the population has nearly doubled from 59,322 residents in 2000 to a projected 108,805 in 2022. The graph below displays borough residents per 1 Borough employee. The ratio of residents to 1 Borough employee in 2021 was 281.35 residents per 1 FTE, a more efficient ratio than any other major municipality in the State of Alaska.

Mat-Su Borough Residents per Borough Employee
10 Years

Source: Matanuska-Susitna Borough School District Preliminary Approved Budget 2022-2023

*Projected/Preliminary Approved budget 2023

**Data not yet available

Note: Each year the Matanuska-Susitna Borough School District reports the average number of students enrolled in elementary, middle, and high school classes. Average class size for FY10-FY17 reflects the number of students enrolled in all classes throughout the district except correspondence study. FY07-FY09 calculations are as above and do not include self-contained special education classes.

History of the Matanuska-Susitna Borough

Formation

Date of Incorporation: January 1st, 1964

Form of Government: 2nd Class Borough

Type of Government: Elected Mayor and 7-member Assembly

Area: 25,265 square miles

2021 Population: 107,305

The Borough was incorporated as a second class borough on January 1, 1964. The Borough is governed by a seven-member Borough Assembly, elected from a single-member district, and a Mayor, elected at large. The Borough Assembly appoints the Borough Manager, who serves as chief administrator and directs the Administration of the Borough. The Assembly also appoints an Attorney and the Clerk. There is an appointed Planning Commission, Platting Board, Transportation Advisory Board, and several other advisory committees.

There are three categories of Borough powers: areawide powers (exercised throughout the Borough), non-areawide powers (not exercised within cities), and powers exercised through a service area (a district in which a tax is levied to finance special services provided within the district).

The Borough exercises the following areawide powers: general administration, education, property assessment and collection of taxes, planning and zoning, parks and recreation, ports, emergency medical services, transportation and historic preservation. The Borough also exercised the following non-areawide powers: solid waste, libraries, septage disposal, animal care and regulation and economic development. Additionally, following voter approval the Borough is responsible for 30 active service areas for water, sewer, flood, water erosion, fire and/or roads. Service area boards of supervisors are appointed by the Borough Assembly to advise on the affairs of each service area.

History of the Matanuska-susitna Borough

The Matanuska-Susitna Borough is in the heart of South Central Alaska. It includes part of the Alaska Range, Chugach Mountains, and the Talkeetna and Clearwater Ranges. There are currently three incorporated cities within the Matanuska-Susitna Borough; Palmer (population-6,223), Wasilla (population-8,801) and Houston (population-2,269). There are also several unincorporated communities and twenty-one (21) recognized community councils. The core area, the area surrounding Palmer and Wasilla, is where the majority of the population lives. As of 2019, the population for the Borough was estimated at 106,438.

Palmer began around 1880 when George Palmer built a trading station on the Matanuska River. The 1913 Nelchina gold stampede brought some of the first settlers, and the other mines near Sutton, Chickaloon and Hatcher Pass fueled growth in these early years. In 1935, President Roosevelt created a relocation program that brought 225 farming families from the impoverished areas of northern Minnesota, Wisconsin and Michigan to Palmer. The Matanuska Colony was formed by the Alaska Rural Rehabilitation Corporation to set up agricultural development in Alaska. During the time period between 1935 until the 1960's, Palmer became the primary supply center for the region. It remained the regional commercial center until the new Glenn Highway bypassed Palmer.

Wasilla started as a settlement in Knik. Knik served as a supply hub for that region starting in the 1880's. Knik's population was 500 in 1915. It served the early trappers and miners that worked in Cache and Willow Creek.

Wasilla was founded in 1917 when the Alaska Railroad was constructed. The railroad created an overland supply link to Fairbanks and interior Alaska. The railroad and closeness to the gold fields brought the people from Knik to Wasilla. Wasilla prospered as the self-proclaimed, "Gateway to the Willow Creek Mining District". This was a very active mining area between 1909 and 1950.

In the early 1970's, the changes in the roads, which included the bypass on the Glenn and the subsequent development of the George Parks Highway, helped to turn Wasilla into a suburban settlement. Wasilla was incorporated in 1973. Major growth resulted from the 1970's and 1980's Alaska oil boom and pipeline development. By 1984, Wasilla was the commercial heart of the Borough again and was the fastest growing city of its size in the United States.

The City of Houston origins are due to the use of Herring Trail for supplies into the Willow Creek Mining District. The town was named after Congressman Houston of Tennessee and was first seen on the Alaska Railroad maps in

1917. Several coal mines were developed in the area during 1917 and 1918 which supplied coal to the Navy through World War II. In 1953 and 1954, gravel roads and power lines were extended to this area and Houston was settled. The City of Houston was incorporated as a third-class city in 1966 and reclassified in 1973 as a second-class city.

Talkeetna area which is located at the confluence of the Talkeetna, Susitna and Chulitna River started in the 1890's as a trading station. The town site was established during the construction of the Alaska Railroad. Talkeetna was a winter home and supply point for the gold fields in the Yentna Mining District. Now Talkeetna is a large tourism hub, and a staging area for those who climb Mt. McKinley.

Today the Mat-Su Borough is the fastest growing region in the state. A lot of focus and work within the Borough is getting roads, schools and emergency services built up to support the rapidly growing population.

The Borough is in South Central Alaska, and begins approximately 40 miles north of Anchorage.

The Borough is in a central location, with shorter shipping routes to Asia than the western United States, over the Pole nonstop flights to Europe and various locations within the Lower 48 States.

Alaska Economic Regions

Glossary of Key Terms

Accrual Basis	The basis of accounting under which the financial effects of a transaction and other events and circumstances that have cash consequences for the governmental entity are recorded in the period in which those transactions, events and circumstances occur, rather than only in the periods in which cash is received or paid by the entity.
Adopted Budget	Refers to the budget amounts as originally approved by the Borough assembly for operating appropriations and new capital project appropriations.
Amended Budget	A budget that represents the original approved budget with supplemental appropriations and budget transfers (departmental requests for budget modifications).
Amortization	Gradual reduction, redemption, liquidation of the balance of an account according to a specified schedule of times and amounts.
Annual Budget	A budget developed and enacted to apply to a single fiscal year.
Appropriation Ordinance	The official enactment by the borough assembly establishing the legal authority for the borough administrative staff to obligate and expend resources.
Areawide	Encompassing the entire area within the boundaries of the Borough.
Assessment	The process of determining taxable property value by government assessors by use of an appraisal.
Assessed Valuation	The valuation is set upon all real and personal property in the borough that is used as a basis for levying taxes. Tax-Exempt property is excluded from the assessable base.
Available Fund Balance	The difference between fund assets and fund liabilities of governmental and proprietary fund types that is not reserved for specific purposes.
Balanced Budget	A balanced budget is when revenues plus unassigned fund balance equal or exceed expenditures, debt principal and reserves.
Basis of Accounting	A term used to refer to when revenues, expenditures, expenses, and transfers - and the related assets and liabilities - are recognized in the accounts and reported in the financial statements. Specifically, it relates to the timing of the measurements made, regardless of the nature of the measurement, on either the cash or accrual method.
Block Grant	A grant given to a City within the Borough with no specified purpose.
Bond	A type of long-term promissory note, frequently issued to the public as a security-regulated under federal securities laws and state law. Under Alaska law the borough may issue general obligation bonds, revenue bonds and assessment bonds. To date it has only issued general obligations bonds. General obligation bonds may be issued

	without limitation upon approval by a majority of Borough voters. There are no constitutional or statutory debt limitations under Alaska law, but the voters must approve all general obligation debt. The issuance of long-term debt will be only for construction and acquisition of land, capital improvements, or equipment when the useful life of the asset will exceed the term of the debt.
Budget	A plan of financial operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing them. Sometimes the term “budget” designates the financial plan presented to the appropriating governing body for adoption or the plan finally approved by that body.
Budgetary Control	The control or management of a government or enterprise in accordance with a approved budget to keep expenditures within the limitations of available appropriations and available revenue.
Budget Document	The official written statement prepared by the borough’s administrative staff to present a comprehensive financial program to the borough assembly. It provides overview information, together with a message from the budget-making authority, and a summary of the proposed expenditures and the means of financing them. Additional sections consist of schedules supporting the summary. These schedules show in detail the past year actual revenues, expenditures and other data used in making the estimates. The third part is composed of personnel, supplemental information, and a glossary.
Capital Asset	An asset that exceeds \$25,000 and has a life expectancy in excess of 3 years.
Capital Projects	Projects which purchase or construct fixed assets. Typically, a capital project encompasses a purchase of land, the construction of a building or facility, or the purchase of equipment and exceeds \$25,000.
Capital Projects Funds	Funds established to account for financial resources to be used for the acquisition or construction of major capital facilities or equipment.
Charges for Service	(Also called User Charges or Fees) The charges for goods or services provided by the local government to those private individuals and entities who receive the service. Such charges reduce the reliance on property tax funding.
Component Unit	Entity separate from the Matanuska-Susitna Borough with legal, financial, and/or administrative autonomy, but for which the Borough’s elected officials are accountable, either directly or indirectly. The Borough has only one component unit, the Matanuska Susitna Borough School District.
Comprehensive Annual Financial Report (CAFR)	The official annual report of a government. It includes Government-Wide Financial Statements and basic financial statements for each individual fund and account group prepared in conformity with GAAP and organized into a financial reporting pyramid. It also includes supporting schedules necessary to demonstrate compliance with finance-related legal and contractual provision, extensive introductory material and a detailed Statistical Section.

Contractual Service	A service rendered to the Borough by private firms, individuals, or other Borough departments on a contract basis.
Debt Service	Payment of interest and principal related to long-term debt.
Debt Service Fund	A fund used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.
Department	The borough administration is divided into departments. While a department may refer to a single activity, it usually indicates a grouping of related activities.
Depreciation	Expense allowance made for wear and tear on an asset over its estimated useful life.
Division	A major organization unit within a department. Usually divisions are responsible for carrying out a major component of the department.
EDA	Economic Development Agency
Encumbrances	Commitments related to unperformed contracts, in the form of purchase orders or contracts, for goods or services. Used in budgeting, encumbrances are not expenditures or liabilities, but represent the estimated amount of expenditures that will result if unperformed contracts in process are completed.
Enhanced 911 Fund	A fund established for the collection of E-911 service fees on each wireless or wireline within the Borough and to provide funds for maintenance of the system.
Enterprise Funds	Funds which account for certain activities for which a fee is charged to external users for goods or services. Operations are generally operated and accounted for in a manner similar to private businesses.
EPA	Environmental Protection Agency
Expenditures	General government expenditures include salaries, wages, supplies, contracts, debt service, purchases of machinery and equipment.
Fiduciary Fund	A fund with assets the Borough holds as a trustee and that cannot be used for borough programs.
Fiscal Year	The twelve-month period to which the annual operating budget applies and at the end of which a government determines the financial position and results of its operation. The borough's fiscal year extends from July 1 to the following June 30.
FAA	Federal Aviation Association
FHWA	Federal Highway Administration
FIM	Facility Investment Metric, measure by which capital project nominations are analyzed to determine potential impact of a project to borough operations.
FTA	Federal Transit Administration

FTE	Full-Time Equivalent
Fund	An accounting entity designed to isolate the expenditures/expenses and revenues of various programs or services. Funds are classified according to type: general, enterprise debt service, etc. The expenditures/expenses and revenues are accounted for according to generally accepted accounting principles.
Fund Balance	Difference between assets and liabilities reported in a governmental fund.
Fund Categories	Funds used in governmental accounting are classified into three broad categories: governmental, proprietary and fiduciary.
Fund Type	The three broad fund categories of governmental accounting are subdivided into seven fund types. The seven fund types are: general, special revenue, debt service, capital projects, enterprise, internal service, and fiduciary.
General Fund	A type of governmental fund used to account for revenues and expenditures for regular day-to-day operations of the borough, which is not accounted for in specific purpose funds. The primary source of revenue for this fund are local taxes and federal and state revenues.
General Obligation Bonds	Bonds for the payment of which the full faith and credit of the Borough are pledged.
Generally Accepted	Uniform minimum standards and guidelines for financial account and Accounting Principles reporting. They govern the form and content of the financial statements of (GAAP)an entity. GAAP encompasses the conventions, rules and procedures necessary to define accepted accounting practice at a particular time. They include not only broad guidelines of general applications, but also detailed practices and procedures. GAAP provides a standard by which to measure financial presentations.
Governmental Fund	Funds used to account for the acquisition, use and balances of expendable Types financial resources and the related current liabilities - except those accounted for in the proprietary funds and fiduciary fund. Under GAAP, there are four governmental fund types: general, special revenue, debt service and capital projects.
Grants	Contributions of gifts of cash or other assets from another government or other organization to be used for a specified purpose, activity or facility. Typically, these contributions are made to local governments from the state and federal governments.
Interfund Charges	Reimbursement for services that are paid for out of one fund but benefit the programs in another fund.
Interfund Transfers	Amounts transferred from one fund to another fund. This includes reimbursements, residual equity transfers and operating transfers.
Internal Service Fund	A proprietary fund type used to account for the financing of goods or services provided by one department of a government to other departments.

Investment Income	Revenue associated with management activities of investing idle cash in approved securities.
Landfill Closure/Postclosure	Funds used for municipal solid waste landfill closure and postclosure care costs that are required to be incurred by federal, state, or local laws or regulations.
Mill Levy or Mill Rate	A rate of tax to be assessed on all taxable property. Mill rates are expressed in terms of \$1 of tax per \$1,000 of assessed value.
Mill Levy Limitation	The limitation in the Budget Year of the mill rate that may be levied in a taxing jurisdiction.
Modified Accrual Basis of Accounting	A basis of accounting in which revenues and other financial resources are recognized when they become susceptible to accrual, that is when they are both “measurable” and “available to finance expenditures of the current period.” “Available” means collectible in the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recognized when the fund liability is incurred except for (1) inventories of materials and supplies that may be considered expenditures either when purchased or when used, and (2) prepaid insurance and similar items that may be considered expenditures either when paid for or when consumed. All governmental funds, expendable trust funds and agency funds are accounted for using the modified accrual basis of accounting.
Nonareawide	Encompassing the area outside of City limits but within the boundaries of the borough.
Operating Budget	Revenues and Expenditures required to run the overall operations of the Borough for the next fiscal cycle (12 months).
Ordinance	A formal legislative enactment by the legislative body which, if not in conflict with any higher form of law, has the full force and effect of law within the boundaries of the municipality to which it applies. Revenue raising measures, such as the imposition of taxes, special assessments, and service charges and acceptance of grants universally require ordinances.
Performance Measures	Specific quantitative productivity measures of work performed within an activity or program. Also, a specific quantitative measure of results obtained through a program or activity.
Personnel Services	Items of expenditures in the operating budget for salaries and wages paid for services performed by borough employees, including employee benefit costs such as the borough’s contribution for retirement and health and life insurance.
PPE	Property, Plant and Equipment. Assets owned by the Borough with initial, individual cost of more than \$25,000 and an estimated useful life in excess of two years.
Property Tax	A tax levied on the assessed value of property.
Proprietary Funds	A type of fund that accounts for governmental operations that are financed and operated in a manner similar to private business enterprises.

Property Tax Exemption	State mandated exemptions for senior citizens, disabled veterans, and widow/widowers and state allowed local exemptions for portions of owner-occupied residential properties.
Proposed Budget	A budget that is prepared by the Manager for presentation to the assembly for their consideration, review and deliberation.
Service Area	A geographic area that provides specific/additional services not provided for on a general basis. A service area also has taxing authority to provide the special service.
Special Revenue Fund	A fund used to account for the proceeds of specific revenue sources (other than expendable trust or major capital projects) that are legally restricted to expenditure for specified purposes.
Tax Levy	The total dollar amount of tax that optimally should be collected based on tax rates and assessed values of personal and real properties.
Tobacco Excise Tax	A tax on all tobacco products sold in the Borough.
Transient Accommodation Tax	5% tax on hotel/motel occupancy levied areawide.
USFWS	United States Fish & Wildlife Services
USDA	United States Department of Agriculture
Working Capital	The capital used in the day to day operations of the borough.
